Vacation Bible School to Open Next Tuesday

Trained, Experienced Teachers at Newtonville M. E.

The 1932 session of the Newton-ville Daily Vacation Bible School will open on Tuesday morning, July 5th, at 9:00. The Summer program is pro-moted under the auspices of the New-tonville Council of Religious Educa-tion, and is for all children of the community, ages 6 to 12. It contin-ues each week-day morning from 9:00-11:45, except Saturday, until July 29, under the direction of Mr. Everett R. Johnson, Director of Religious Educa-tion of the Newtonville Methodist Church.

The group leaders have been se lected from trained and experienced workers in Christian Education. The courses followed in the various class groups will give constructive guidance in Christian living and the program will be of live interest to every boy and girl who attends.

boy and girl who attends.

The Newtonville Vacation Church School is interdenominational and community wide in its approach. Over one hundred and seventy-five children from 11 different churches enrolled last season. The enrollment for the present school is well up toward that mark.

The Newtonville Vacation Church School is interdenominational and community wide in its approach. Over community wide in its approach. Over community wide in its approach over the present school is well up toward that mark.

Through a well balanced arrangement of the four approaches to Christion experience; study, expressional activity, recreation, and worship, the School provides an interesting, and recreational program for the Vacation period, developing the child in School principal Ellaworth presented certificates to the 18 women who had accomplished the School provides an interesting, and recreational program for the Vacation period, developing the child in School principal Ellaworth presented certificates to the 12 success of the community. Inquiry concerning registration may be made through N. N. 0275.

KILLING OF CAT CAUSES COURT CASE

George W. Lane of 14 Bacon street, Newton, will be the complainant in the Newton court on July 7 against sadore Levine, who drives an ambulance for the Animal Rescue League of Boston. Lane owned a tom cat. The cat had a skin disease. Someone Animal Rescue League of Boston. Lane owned a tom cat. The cat had a skin disease. Someone Health of the Worth Case of the animal Levine came to Lane's address, saw the cat on the porch and yet the animal Levine came to Lane's Badors League of Health of the Worth Theological School, Health of the ministry, Rev. Edward A. East have will give the charge and Formey leastly put to death. Lane charges Levine with larceny of the cat. The Animal Rescue League states that it was notified that a sick, stray cat was hanging around the rear of the Parks and the street of the cat. The Animal Rescue League of the cat. The Animal Rescue League of the part of the cat. The Animal Rescue League of the part of the cat. The Animal Rescue League of the Case of the animal Levine came to Lane's have will give the charge and Formey least the presentation was presented to the ministry, Rev. Edward A. East have will give the charge and Formey least the present

School Certificates Given to Mothers: 53 Finish Courses

D.A.R. Present Pictures-D.R. Award Silk Flags

Award Silk Flags

Many certificates were awarded the tmembers of the Mothers' classes, f which have been conducted by the Newton School Department throughout the year in reward for their faithful attendance and work accomplished. These classes have been voluntarily the time of the clay that the dead by many women of the city in order to become more proficient in the English language, and so that they might become better mothers and more useful citizens.

These classes began twelve years ago in the kitchens of the members to give mothers a chance to improve themselves during the daytime when they could be away from home. The classes are now held at four schools: the Ralph Waldo Emerson School of Newton, the Franklin School of West Newton and the Bowen School of Newton Centre. The classes are supported equally by the State Department of Education and the Newton School Department.

At the Emerson School, Rev. Guy

hygiene, domestic science and good citizenship. The Red Cross has cooperated by having a nurse give talks once a week in two classes. The work is under the Division of Americanization of the Newton public school system, and for the past 12 years these classes have been conducted by Mrs. M. Estelle Seaver of Newton Highlands.

FALL FATAL TO AGED WOMAN

Mrs. Mary Holden, 69, of 338 Cherry street, West Newton, died on June 24. On June 20 she fell at her home and fractured her hip. Pneumonia, which developed, caused her death. She was born in Wexford, Ireland and had resided in West Newton for over 40 years. Her funeral service was held on Monday at St. Bernard's Church and burial was in Calvary Cemetery.

57ST. JAMES AVE, PARKSQ BUILDING PARK SQ. BUILDING BOSTON HANCOCK WORKS AT BRIGHTON

About Town

By Edw. H. Powers

Two huge public works are underway in this city. One is the rebuilding of Washington street between Newton Corner and West Newton. The other is the laying of the big Metropolitan water main at Auburndale and West Newton. Despite the magnitude of these tasks not many laborers are employed on them. One can easily understand why so many millions are unemployed by observing the work being done on these two big jobs. A few machines are accomplishing results which not so many years ago would have necessitated the employment of hundreds of men. We have reached a new era. The unemployment problem it has produced won't be solved by changing from a gold standard to a silver standard. If men and women can't obtain employment they won't earn silver with which to meet their needs.

It has been a pathetic sight to witness a crowd of discouraged looking men gather along Washington street on the first few days the job of resurfacing started in the hope of obtaining employment. Few were successful. Steam shovels, huge cement mixers and levellers, and tractor drawn graders have practically eliminated human laborers from street construction work.

Will the speeders travel along

will the speeders travel along Washington street when its new surface is completed? And will they knock unfortunate pedestrians to the next world? Yea. The speeders will speed and persons attempting to cross the street will too frequently become victims of reckless drivers unless the street is properly controlled, and unless crossings at such places as Adams, Jewett and Channing street are safeguarded. Which brings to mind that while in former years all of eight motorcycle policemen kept speeders in check in this city, now only two policemen are on motorcycle duty, and the speeders have proportionately more opportunities to indulge in reckless driving.

Listening on the radio to the broad-cast from the Democratic convention we heard some good speakers. But, the two soprano soloists we heard, while not singing "blues" songs, would give one the "blues." Perhaps the size of their audience gave them stage-fright.

with the departure of people to their summer residences at the seashore and in the country the annual display of neglected cats appears. Most persons are sufficiently humane to make proper provision for the care of their cats and dogs. But there are some who go away for the summer and leave their feline "pets" to shift for themselves. Few things are more repulsive than to see a starved, diseased cat wandering about a neighborhood. And whether a person is away for the summer, or at home, if he or she owns a cat or dog which is diseased, and permits the animal to roam at large, endangering the health of other cats or dogs, or possibly the health of children, such a person ought to be summoned into court and penalized.

When Middlesex County juries, in common with other juries, show less undeserved sympathy for autoists who drive cars while under the influence of liquor, our highways will be safer for pedestrians and for those who

Veterans Plan City Hall Dedication For Armistice Day

Big Military Parade and Band Contest Arranged

A meeting was held on Wednesday night of the Newton Veterans' Coun-cil to arrange plans for the dedication of the new city hall and war memori-al on next Armistice Day, November of the new city hall and war memorial on next Armistice Day, November 11. The meeting was attended by members of the various veteran organizations of the city and their auxiliaries. Julius B. Ramm, chairman of the council, presided. Others present were General Daniel Needham and Francis Barry of the Legion; Leonard Boyd of the G. A. R.; Albert LeRoy and Fred Manning of the Spanish War Veterans; Mrs. Corabelle Francis, Miss Nellie Osborne of the Daughters of Union Veterans; Mrs. Virginia Cook and Mrs. Frances Cannon of the Legion Auxiliary.

It was decided that the new struc-

gion Auxiliary.

It was decided that the new structure will be dedicated at 11 a. m. on Armistice Day and this ceremony will be preceded by an imposing military parade in which 50 Legion Posts and units of the regular army and National Guard, in addition to veteran organizations, will participate. A squadron of airplanes will manoeuvre overhead; this feature to be arranged by Edmund Dungan. General Needham will be Chief Marshal of the parade. In the afternoon a competition will be held between the bands and drum corps of the Legion Posts participating in the parade.

Newton Policemen Capture Burglar

Serg. Crowley with Patrolmen Goodale and Stanton of the Newton police captured a burglar in Brookline at 4.30 a. m. yesterday after they had pursued him in a police car from Hammond and Beacon streets, Chestnut Hill to Boylston street in the adjoining town. The police car was cruising along Hammond street when the officers observed an automobile go by loaded with clothing. They pursued the car for a considerable distance before capturing it. The driver identified himself as Donald Morelle, 24, of Lancaster, Pa., the car was one owned by Eric Dahlgren of St. Andrews road, East Boston, and had been stolen from that address earlier in the morning. The clothing had been stolen from the Garden City Cleansing Company, 427 Lexington street, Auburndale.

street, Auburndale.

Morelle told the police that he had been sleeping on Boston Common for hire weeks. He was arraigned in he Newton court yesterday and held n bail of \$10,300 for the Grand Jury. He was charged with breaking and entering, larceny, and stealing an au-omobile.

TRUCKS COLLIDE AT WEST NEWTON

Trucks driven by Frank Kiley of 43 Harris road, West Newton and Isaac Geisinger of Cambridge collid-ed Monday morning at Cherry and Webster streets, West Newton. Both drivers reported that they were oper-ating at a speed of 12 miles and both claimed to have received injuries.

claimed to have received injuries.

Cars driven by Dorothea Christopher of Ivy street, Boston and Jay Rayner of 18 Bowdoin street, Newton Highlands, collided last Friday at Centre and Walnut streets, Newton Highlands. Howard Lear, 10, and Madeline Jenney, 23, of Mountford street, Boston, passengers in the car operated by the Christopher woman, were reported as having received in. were reported as having received in

Mrs. Antonette Cugini, 31, of 78
Hawthorn street, Nonantum was arrested Wednesday night by Serg.
Moran, Patrolmen Marden and Mooney for assaulting her husband, Carlo
Cugini, with an ice pick. Cugini went to police headquarters and made a complaint and the arrest followed. The young woman, who is the mother of seven children was arraigned in the Newton court yesterday and placed on probation for 6 months. She told the judge that her husband had angered her with insults and she hurled the ice pick at a door and not at her husband.

ATTEND REUNION

The new three-cent letter rate on first class mail becomes effective next week Wednesday. The post office authorities urge the public to remet the interior and Brosna-dan procursed a boat and went to their rescue.

ATTEND REUNION

BURGLAR ALARM ON JOB

The burglar alarm at the tailor shop of Samuel Shain, 1221 Centre street, Newton Centre went on the air on Wednesday night for the third time Wednesday night for the third time within a few weeks. The alarm started to ding-dong about 11 p. m. and entertained the neighborhood for about an hour, until Mr. Shain arrived from Malden to stop the broadcast. He found that an attempt had been made to apparently jimmy a door. On one of the other outbreaks of the alarm the forcing of a window at the store started the racket.

In Fatal Auto Crash

For B. C. Stadium

Following a ruling that the zoning ordinance of Newton does not prohibit the erection of such a structure, Building Commissioner Hageman on Saturday issued a permit for the erection of a large steel grandstand on the grounds of Boston College near Beacon street and College road, Chestnut Hill. The stand will seat 15,000 persons and is expected to be completed late in September. Next year it is proposed to erect another stand opposite this stand which will seat 12,000. Protests against these huge stands were signed by 167 residents of Chestnut Hill. The protestants also asked the City Government to properly restrict parking on streets at Chestnut Hill, if the erection of the big stands were permitted.

In the ruling made by Mr. Bartletthe said—"Education in development on the physical side has been such in this country as to warrant my holding that this structure (grandstand) is a part of the equipment and plant of this college, in its development of the education of young men and as such should be permitted just as much as any building devoted to other branches of its educational program."

Postage Rates

Patrolman Brosnahan on Wednesday afternoon rescued Robert Magni, 9, of 140 Adams street, Nonantum, and Francis Adroni, 12, of Murphy Court, Nonantum, from Silver Lake, Nonantum. The two boys had been paddling about the pond on a small raft which became stuck on a shoal in the middle of the lake. Deep water between them and the shores prevented them from leaving their craft. Their cries attracted attention and Brosnahan procured a boat and went to their rescue.

BAND CONCERT

Automobiles driven by Monica Hurley of 45 Tudor road, Chestnut Hill and Edgar Allen of 20 Clyde street, Newtonville collided Wednesday afternoon on Mill street, Newtonville. Allen reported that he and his son, Edgar Allen, Jr. received injuries.

BAND CONCERT

Music at the band concerts from three to five for the next three Suntremoon on Mill street, Newtonville, alays at the Riverside Recreation grounds will be played by Gorton's Original Y-D Band under the direction of Gerald F. Frazee.

All-Team Beats Upper Falls

Ali-Team Beats Upper Falls
A team comprised of leading schoolboy players of the past season pinned
a 6 to 2 defeat on the Upper Falls
team of the Greater Boston Twileague Monday night at the Upper
Falls playground. Willie Mullen, exNewton high outfielder, and catcher
Forrestall led at bat for the winners.
Mullen made two singles in five trips,
and scored two runs. Forrestall collected three hits in four times at bat
with a home run in the ninth when
two were on bases, clinching the game
for the schoolboys.

Elected Assistant Managers

Elected Assistant Managers

Elected Assistant Managers
Emery F. Swan of Newton Centre
and Edward W. Malley of West Newton were elected assistant managers
of baseball and tennis, respectively,
for next year at Moses Brown School,
prior to the recent close of school for
the summer vacation. Emery, a member of the class of 1934, won his soccer letter last fall. He is the son of
Mr. and Mrs. F. M. Swan of Prentice
road. Malley will be a senior next
year. He is the son of Mr. Edward
Malley of Arapahoe road and formerly
attended the Levi Warren Junior High
school.

Loses in Girls' Tourney

In the younger girls singles tennis tournament at Longwood the early part of this week Elena Ciccone of Newton Centre reached the semi-final round. In the semi-finals she met Claire Thompson of Brookline and was eliminated in straight sets. and was eliminated in straight sets. 6—2, 6—4. Miss Thompson lost in the finals to Mary Boyden of Win-chester who became the champion of the girls under 15 years of age.

Life Saving

The Course in Life Saving which started the first of June at the Y. M. C. A. pool came to a close this week. The following Seniors, all members of the Newton "Y", passed the Senior Life Saving Test—Alfred Morrissey, 39 Newtonville avenue, Newton; Newton; Andrew A. Kasper, 50 Union street, Watertown; John Lovely, 358 Watertown street, Newton; John Trumble, 62 Lincoln road, Newton; Norman Anderson, 22 Oakland Street, Newton; and George Quigley, 33 Green street, Newton, Colantuous, Kasper, and Morrissey led the class with a total score of 99 each.

The boys who passed the Junior

Rotary Club

INCREASE INTEREST

A number of changes among the baseball teams that make up the circuit in the City of Newton Twilight League this year have resulted in a considerable increase in interest among local baseball fans. The entrance of the Nonantum Boys Club as a member in the league and two quick victories is the outstanding feature of the campaign. The Boys' Club replaced the Nonantum A. A. upon the latter's withdrawal and took over the standing and obligations of that team. In their first game the new outfit upset the previously undersated first place Y. M. C. A. team in a 2 to 0 shutout. Jimmie Moran, former Our Lady High School and All-Catholic league pitcher, twiried the team of young players to its victory. He was in fine form and fanned twelve "Y" batters in turning the trick.

Another team that has found a new lease of life is the Newton Lower Falls A. A. which is now being managed by John Fitzgerald, who lead the Nonantum A. to the league championship last year. One of the first feats accomplished by the Lower Falls A. A. which is now being managed by John Fitzgerald, who lead the Nonantum A. to the league championship last year. One of the first feats accomplished by the Lower Falls A. A. which is now being managed by John Fitzgerald, who lead the Nonantum A. to the league championship last year. One of the first feats accomplished by the Lower Falls A. A. which is now being managed by John Fitzgerald, who lead the Nonantum A. A. to the league championship last year. One of the first feats accomplished by the Lower Falls A. A. which is now being managed by John Fitzgerald took over the short end of an 11 to 3 score.

The Course in Life Saving which started the first of June at the Y. M. C. A. pool came to a close this week. The following Seniors, all members of the board of directors are served to the first of June at the Y. M. C. A. pool came to a close this week. WOMEN'S CLUBS

antional importance.

Among her plans for Federation interest she has announced two: a national campaign to elevate the teaching profession and to prevent any attempts to cut teachers' pay; and one to stimulate the interest of the American women in governmental finance. The membership of the Federation, as Mrs. Poole sees it, is vitally concerned with the home, many clubwomen being wives and mothers, and no problem affects the home, and as a result culture and civilization, as does education. Teachers are in a sense the makers of a nation, therefore, and the standard of teachers must not be lowered, as cutting in pay inevitably threatens. As to financial affairs of the nation, spends annually for products of every kind, and since they arrange the budgets of American families, Mrs. Poole quite logically considers them capable in such financial affairs, and considers that there is no reason why they should not become better informed and more closely interested in the financial activities of the government as well as of the home.

It is apparent that the three years ahead of the General Federation of Women's Clubs will be active ones, and will be productive of the payment.

BIENNIAL. The story of the na BIENNIAL. The story of the nation-wide art contest appearing in last week's column being incomplete through error in the type setting the result as reported at the Biennial is herewith given. The second place prize of \$25.00 in this contest for the best community art festival held this year in the United States with more than 30 states and several hundred communities communities communities. than 30 states and several hundred communities competing went to Arlington, Mass., where of a population of 30,000 there was an attendance of 5000 at the festival. Craftsmen were shown at various types of work, including Oriental rug-weaving and soap carving. There was a marionette show put on by a young boy who wrote the play, built the stage, arranged the lighting and had full charge of the performance. The only cost of the show was \$8, all other service being donated.

Recent Weddings

MRS. POOLE WELCOMED BY HOME CITY. Every celebrity and hero receives a royal welcome, and the newly-elected president of the General Federation of Women's Clubs public opinion to this charmed circle in the tribute paid her last Thursday by her home city of Brockton. Clubwomen throughout the State take pleasure in this tribute to their leader, and thrill to the acknowledgement of one of Boston's largest newspapers. It is the president of water in the president of water in the president of water is garden and a fairs."

Mrs. Poole is the first Massachusetts woman to have been elected president of what is generally considered the greatest women's organizations took part. She was met in Boston by her mother, Mrs. William H. Morrison, and the however the president of the was wished through the the rand she was whisked through the the rand she was whisked through the stream of muslic made up the festive color of the At decidedly interesting personal touch was given to this acciaim in the houghtfulness of her native city to the applause of thousands. BOND—ROSENTHAL

A quiet wedding was held on Saturday, June twenty-fifth, when Mr. Paul Bond, son of Mr. and Mrs. Charles Wood Bond of Newton Centre, and Miss Evangeline C. Rosenthal, daughter of Rev. and Mrs. Johann A. H. Rosendahl were united at Isle o' Rest, Lake Nagog, Littleton, Massachusetts. The relatives and friends gathered around under the trees upon the shore of the lake made an attractive setting for the simple ceremony which was conducted by Dr. Edward M. Noyes. A luncheon followed, after which the guests departed leaving the bride and groom in the island camp, which they will enjoy during the summer. Mr. and Mrs. Bond will return to New York in the early fall.

BOSTON BRASS ANDIRON CO

306 Commercial Street,

U-M-M! Rich, Thick Cream For Breakfast

—from a bottle of milk that costs no more than ordinary milk—heavy, whipping cream, twice as rich as what is generally obtained from equally rich milk delivered in old-style bottles.

That is what our customers are getting. That is what you can get, simply by notifying us when to start delivery.

Remember there is no extra charge.

In our Cream Top Bottles the cream rises to its own separate compartment. It can be poured off without dilution from the milk in the lower compartment—all of it or as much as desired. If you want rich, whole milk for your children to drink, simply tip the bottle upside down and let the contents mix.

Our milk is rich, wholesome, pure, pasteurized and bottled in sterilized bottles by machine, in a model, sanitary plant. Give it to your family. Phone us or write today.

HONORARY CITIZENS

Citizens of Newton played a prominent part in the recent Commencement exercises of various colleges. We do not refer to the more common role of receiving one's sheepskin upon completion of the four years of study, but to the infrequent happening of being the recipient of an honorary degree. It is extremely unlikely that any one city in the country had more of its citizens thus honored this year. Among those who have accomplished high objectives in their chosen field and in life to achieve this distincton were the following well-known citizens. Irving O. Palmer, principal of the Newton High School; Dr. Edward E. Herrick, president of the Andover Newton Theological School; Prof. Charles Swain Thomas of Harvard; Prof. H. K. Rowe of Newton Highlands; Charles J. Connick, Artist. Newton is proud of these citizens and we would add our congratulations to those of their many friends. of their many friends.

TAKING A CHANCE

TAKING A CHANCE

The safety drive now being conducted against careless and reckless motorists reveals the frequently used excuse that the driver decided to "take a chance and hoped to get away with it." This tendency is not only common among automobile drivers, but it can also be readily applied to many other phases of our daily life. In fact it is perhaps one of the many reasons why we are in economic difficulties today. The country as a whole went ahead, almost blindly in many respects, the latter part of the past decade, with little regard for what might develop in the future. Today we are beginning to realize just what "taking a chance" means in a financial and industrial way. Careful planning of each step, with due regard for its effect upon the future as well as the present, is the one sure road to the return of prosperity. the present, is the one sure road to the return of prosperity.

INDEPENDENCE DAY

One hundred and fifty-six years ago next Monday, July 4th, the Continental States declared their independence. We trust that accident and injury from celebration of this historic event will be at a minimum. Carelessness is the chief factor. A word to the wise is sufficient.

Animal Rescue League Not Guilty Of Stealing Cat

Geo. W. Lane's Complaint Is Thrown Out of Court

FIRE IN NONATUM FACTORY

Wednesday morning at 5:50 a watch man at the Raytheon Mfg. Company on Chapel street, Nonatum observed water flowing from the next building, occupied by the Atlas Furniture Com-pany, owned by Alfred Scheinfain of

Newton.

At 8 o'clock the Newton Fire Depart At 8 of clock the Newton Fire Department was notified that a fire had occurred in the stock room of the furniture company and had been extinguished by the automatic sprinklers. The cause of the fire is unknown and it is being investigated by the State Fire Mar-

Newton Police Get Thieves After Long Chase in Police Car

Young Salem Men Are Captured at Natick

The Animal Rescue League of Boston which performs a great amount of humane work in relieving the distress of animals scored a victory yesterday in the Newton Court. Judge Charles J. Brown of East Boston, who was preside ing, not only found Isadore Levine of not guilty of the larceny of a cat which was the property of George W. Lane, 14 Bacon street, Newton, but he commended the Rescue League for having killed the eat.

On June 20 the Animal Rescue League for having killed the eat.

On June 20 the Animal Rescue League for may come person, whose identity is not known, stating that a diseased, stray cat was hanging around the rear of the Paramount Theater at Newton. Levine received a telephone message from some person, whose identity is not known, stating that a diseased, stray cat was hanging around the rear of the Paramount Theater at Newton. Levine received an order to get the eat and proceeded to Newton in the animal ambulance he drives. He found the cat, which was obviously diseased on the fronth of the theater, and he took the cat. Levine testified that the folline was mangy, and he supposed it did not belong at the house. Lane, who had obtained a warrant charging Levine with larceny, when he missed his pet, which was called "Buffy," told the court that the cat was taken in his absence from the house. He said that the pet had been treated by him for a skin aliment, but was otherwise apparently healthy and had a good an petite. When Lane learned that his pet had been taken by the Animal Rescue League, he got in touch with its headquarters and was informed that the cat had been put to death when it was brought there.

Dr. Wesley Young, veterinarian for the League told the court that the cat had been put to death when it was brought there.

Dr. Wesley Young, veterinarian for the League told the court that the cat had been will be a dead of many and the court was the property rights had been violated when the cat was taken Judge Brown avery dence. The judge showed no inclination of the court was the property rig

Charles F. Leach, 21, of 206 Beethoven avenue, Waban, was on trial in the Newton court yesterday as a result of a fatal automobile accident at Chestnut Hill early, on the morning of May 30. The car driven by Leach crashed head-on, into a large truck of the Deerfoot Farms on Beacon street and Natalie Young of Woburn, a passenger in the car was killed. Patrolman McCormick testified that he saw the car driven by Leach speed by him at a rate of 65 to 70 miles an hour; that the car was on the wrong side of the road, and was being so operated when it hit the truck. Lieut. Moan, Serg. Sheridan, Patrolmen Henrikus, Howley and Stevens testified that Leach was drunk. Dr. West, medical examiner, testified that he talked with Leach at the Newton Hospital and the latter appeared to be under the influence of alcohol. Agnes Nylin of Allston, who was riding in the cardiven by Leach, testified that he had not seen him drink prior to the accident, but she admitted the car was going at a high rate of speed.

Judge Brown of East Boston, who presided, held Leach for the Grand Jury in \$2025 bail on charges of manslaughter, driving under the influence of liquor, and drunkenness.

AUTOS CRASH AT WABAN

Cars driven by Mrs. Marianne Lundberg of Wellesley and John Shackleton of Westford collided at Woodward and Chestnut streets, Waban on Sunday morning. Shackleton, his wife and three children, and Oscar Lundberg all received slight injuries and were treated at the Newton Hospital.

Incendiary Fire Nearly Causes Conflagration

Two Alarms Pulled For Fire In Old Wooden Factory

In Old Wooden Factory

A large wooden building on Kempton place, West Newton, was destroyed by fire on Monday night. The building, a large wooden structure, blazed so fiercely that tenement houses nearby caught fire and a storage warehouse across the street was threatened. The first alarm for the fire was pulled at 10:19, and a second alarm followed in 5 minutes. For many years the building had been occupied by the Clark Mfg. Company, dealers in and manufacturers of harness. It had not been used for this business for several years. The fire, apparently of incendiary origin, made rapid headway and the firemen had to work strenuously to save nearby buildings. On May 24th another fire, also apparently incendiary, occurred in this building. The State Fire Marshal's office is investigating the two fires. Joseph Connelly, his wife, and 5 children had to flee from their home near the burning structure, and Mrs. Mary Parking \$5 who resided in another.

dren had to flee from their home near the burning structure, and Mrs. Mary Perkins, 85, who resided in another tenement, was carried from the third floor of the house by Serg. Burke and Patrolman Walter Jenkins.

A cement garage attached to the burned building was damaged. It contained trucks owned by Ralph Harnden of Watertown. Traffic on Washington and Watertown streets was blocked while the fire was in progress.

Oak Hill Residents Complain About Gravel Trucks

Excluded From Brookline St. Now Bother on Dedham St.

At a recent meeting of the Newton Board of Aldermen an amendment was added to the traffic ordinances prohibiting heavy trucks on Brookline street, Oak Hill. This was done as a result of many protests received from residents of that street about heavy trucks passing over the street in large numbers going to and coming from the pit of the Highland Sand & Gravel Company off Wiswall lane. The Brookline street residents, and people living on Vine and Oak Hill street have had relief since. But, residents of Dedham street, Oak Hill, have had the trucking noise transferred to their highway, according to complaints made to the Aldermen. At the special meeting of the Aldermen held on Tuesday night, Alderman Temperley informed his colleagues that he had been asked by the residents of Dedham street to tell the Board of Aldermen of their grievance. Alderman Grebenstein, chairman of the Traffic Committee, stated he would investigate the matter.

larkspur and roses. Huge sprays were in the sunparior at the end of the living room and also in the music room. In the summer living room room. In the summer living room the centerpiece was of roses. Mrs. Charles B. K. Nevin and Mrs. Paul de Silva were the pourers here—and in the summer dinner room Mrs. Wm. B. Freethy and Mrs. Gordon Cairuie poured. Larkspur and gladioli were the decorations on this table. More than a hundred guests were introduced to Mrs. Padelford and later after being served strolled into the garden where the Madonna lilles and larkspur were at their height of

garden where the Madonna lilies and larkspur were at their height of glory. The old French shrine with a della Robia madonna is the central interest of the garden and is surrounded with ivy and ferns.

Mrs. Padelford will be in the East for the next month. She has motored to Maine for a week to meet her many friends there. She is the daughter of the late Dr. George Dana Boardman Pepper, former president of Colby College.

CITY HALL ASSOCIATES ELECT

The City Hall Associates held their annual meeting last Friday at City Hall. This organization is comprised of employees at City Hall and in the various departments of the city. New by-laws were adopted and officers for the ensuing year chosen. Charles A. Mahoney of the Street Department was reelected President; Edward F. Cannon of the Sewer Department, Vice President; Katherine E. Kimball of the City Clerk's office, Secretary and Treasurer.

SEVERAL INCENDIARY FIRES IN

Men Receiving Aid From The City Must Work

\$10,000 Appropriated For Improving Reservation

A special meeting of the Newton Board of Aldermen was held on Tuesday night by order of Mayor Weeks. This meeting was called to take action on the Mayor's recommendation that \$10,000 be appropriated to grade and improve the reservation along the middle of Commonwealth avenue. It was explained at this meeting that about 80 able-bodied ex-service men the city, and 150 men have been employed at the City Home, puttering about, largely in each other's way, in return for aid given by the Welfare begatting soldiers' relief. These will receive 40 cents an hour wages, and if they do not obtain as much as they have been receiving from the elife payments, the difference will be made up by the city. Next week many of the 150 men who have been working at the City Home, will be given employment on the avenue min provement work. They, also, will be paid 40 cents an hour but their weekly wages will amount to less than will be given to those getting "soldiers' relief."

At the meeting on Tuesday night it was explained that the work on the

At the meeting on Tuesday night it was explained that the work on the avenue will be under the supervision of Richard White & Sons of West Newton, ostensibly as a contract job. This is done to circumvent the Civil Service law, which would restrict those employed to men who are on the Civil Service list. For supervising the work, and furnishing equipment, the White Brothers will receive \$50 weekly, in addition to 5% of the cost of the job. Alderman Collins stated that when the \$10,000 appropriated is used up, more money will be uppropriated. Answering a question put by Alderman Grebenstein, President Collins replied that if any able bodded man refuses to work, such a person way to denied further raise. led man refuses to work, such a person may be denied further relief. He also explained that the Mayor's Relief Committee is still functioning; has \$250 men on its list who need aid, and has \$22,000 remaining in its treasury. This money will be spent in the near future on relief work, and a drive

Political News

Donald McKay To Run For Aldermar

Donald D. McKay of 46 Woodcliff derman-at-Large from Ward 5 at the city election next December. The position for which he will be a candidate has been filled for the past 10 years by Henry W. Bail. Mr. Bail will be a candidate for the Republican nomination for Representative to the General Court from the 5th Middlesse District.

Mr. McKay, who is in the bond business in Boston is a former president of the Newton Highlands Men's Club and has been active in civic affairs in this city for several years.

There are candidates a plenty for political offices at the coming primary election. Among those who have thrown their hats in the ring are Leo A. Spillane of Jamaica Plain who seeks the Democratic nomination for State Auditor; E. Mark Sullivan formerly of Ipswich, a Boston attorney, who announced that he will be out for the Republican nomination for Governor; John L. Delaney of Cambridge, John H. (Mona) Fahey of Watertown, who will try to get the Democratic nomination for Congressman from the new 9th District as "wets." Russell new 9th District as "wets." Russell A. Wood of Cambridge, the perennial candidate, now seeks the Republican

from the 3rd District, which includes Newton.

Mr. Spillane has been prominent in the affairs of the American Legion, Mr. Spillane has been prominent as the late of the American Legion, Mr. Fahey served overseas with Company C of the 101st Infantry. He has taken an active part in obtaining pensions for disabled soldiers, is listed as a disabled veteran himself, and was the leader of the Massachusetts delegation in the recent "Bonus March" on Washington. E. Mark Sullivan has long been prominent in the ranks of the Republican party in this State and his campaign committee indicates that the "Irish-Republicans" in the active ranks of the G. O. P. demand recognition. While attending Boston College, Mr. Sullivan resided with relatives in Auburndale. Mr. Wood has sought persistently, and frequently obtained public offices in Cambridge and the State.

Sarah Murphy, 12. of 11 Carleton street, Newton was seriously injured in the right eye on the night of July 4th when a large torpedo, thrown by a man so near to her has several fragments of the missile entered her eye. She was taken to the Newton Hospital where four pieces of wadding from the torpedo were removed from her eye. She is still under treatment at the hospital. The child was sitting on a neighbor's porch when the torpedo hit her.

CONGRESSMAN LUCE'S OFFICE AT WALTHAM FOR SUMMER

Congressman Robert Luce has moved his office from Washington to 91 Summer street, Waltham, for the summer. Robert H. Kempton, secretary, will be in charge and can be located at the above addrage after Lich.

Organizing Pageantry In South America

Newton Highlands Man Engaged There This Summer

H. Augustine Smith of Rockledge road, Newton Highlands, and Professor of Pageantry in Boston University School of Religious Education, is in South America for the summer where he is organizing a series of pageants and musical entertainments in several cities. The depression has hit right and left in South America, as well as in the rest of the civilized world. His purpose is to use music, art and the drama to help in toning up Latin America.

world. His purpose is to use music, art and the drama to help in toning up Latin America.

For the first time a thrilling pageant calling for 300 participants will be presented on the stage of the Municipal Theatre at Rio de Janeiro. The pageant to be presented is entitled "Christ of the Ages", and is to be rendered realistic by the use of electric torches, banners and pennants, palms of victory and scenes from the life of Christ.

Prof. Smith will also have charge of all the music, art and pageantry programs of the World Sunday School Convention to be held in Rio July 25 to August 1st. He is also organizing similar series of entertainments for the cities of Sao Paulo, Buenos Aires and Santos. Following these presentations, he will repeat his work in Montevidio, Santiago and Lima. He is being assisted by an efficient corps of workers who speak Spanish. This is the thirteenth world national convention for which Prof. Smith has had charge of the musical programs.

Jewelry Stolen in \$8000 Burglary At Chestnut Hill

Safe Is Opened While Family Is At Seashore

Is At Seashore

On Tuesday night Morris Madfis of 45 Old Colony road, Chestnut Hill reported to the Newton police that his home had been burglarized and jewelry valued at \$5000 stolen. Madfis, who is president of the Brighton Dressed Meat Company told the police that the house had been unoccupied since the previous Wednesday and when he returned there on Tuesday evening all the doors were locked and none of the windows appeared to have been tampered with. The jewelry had been in a safe at the house, and the door of this safe was found open. The jewelry taken included three diamond bracelet. Less expensive jewelry in the safe was not disturbed; neither were some non-negotiable stocks and bonds which were in the safe. The Madfis family have been at their summer home in Kendarma, since June 23.

"AMERICAN WAR MOTHERS"

SEVERAL INCENDIARY FIRES IN NEWTON

Monday night at 8:01 a new house at 42 Brae Burn road, Auburndale, was damaged by fire to the extent of about \$2000. The blaze started on the second floor and was apparently of incendiary origin. It is being investigated by the State Fire Marshal. The house is owned by Julius Carmen of 382 Norfolk street, Dorchester.

Shortly after midnight on Sunday night an old, unoccupied house at 28 Ware road, Auburndale, was burned. This fire was also of incendiary origin.

W. K. Brimblecom Is Candidate For Representative

Managing Editor of Graphic Seeks Rep. Nomination

Managing Editor of Graphic Seeks Rep. Nomination

Warren K. Brimblecom of 5 Fairfield street, Newtonville, will be a candidate for the Republican nomination for Representative from the 4th Middlesex District, comprising Wards 1, 2, 2 and 7 of Newton. Mr. Brimblecom was born in Newton 33 years ago, the son of John C. and Lullie F. (Stone Brimblecom. He graduated from Newton High School in 1917, attended Massachusetts Institute of Technology for three years and then went to Okahoma to engage in work in the oli fields. Later he entered the employ of the H. P. Converse Company of Boston and was placed in charge of steel re-inforcing on large concrete bridge projects at Springfield. Pitaburg and Haverhill.

In 1924 Mr. Brimblecom returned to Newton to assist in the management of THE NEWTON GRAPHIC and the Hunnewell Club of THE NEWTON GRAPHIC and the Hunnewell Club and the Just and J In 1924 Mr. Brimblecom returned to Newton to assist in the management of THE NEWTON GRAPHIC and since 1928 he has been managing editor of this paper. Through his newspaper activity he has been closely in touch with the affairs of this city and the Commonwealth. He has been active in the Newton Business Associates, and is a member of the Newton Rotary Club and the Hunnewell Club, serving for the past two years as a member of the Board of Directors of the latter club. He is President of the Men's Class of the Newton'lle Methodist Church and Vice President of the Claffin Club of that church. He is a member of the Republican Ward and City Committee and of the Republican Club of Newton. In 1921 he married Hazel M. Chivers of Newton. They have three young sons.

The intersection of the Worcester turnpike at Eliot in the Newton High-lands district will have traffic signals. At this place considerable traffic crosses from Woodward and Eliot streets and a dangerous condition would result if some means were not taken to safeguard this point. Division Engineer Sabin of the Department of Public Works has agreed to authorize an automobile traffic signal at this intersection and conduits for the wires to the signals will be laid prior to the construction of the turnpike.

District Foreman Mahoney of the Newton Street Department has suggested that the small park at the intersection of Boylston and Cook streets be removed to facilitate traffic and other well-known local business and professional men wil be the speakers. Andrew J. Ford, president of the Associates, will preside.

The prizes will also be given for places in the various athletic and aquatic eaces. These prizes which have been donated will be presented at the banquet will take place.

Prizes will also be given for places in the various athletic and equatic acces. These prizes will also be given for places in the various athletic and equatic acces. Rotary Club The Newton Rotary Club met this week on Tuesday in a joint meeting with the Watertown Rotary Club at the Windsor Club, Watertown. Ralph Hatch, a past president of the Stoneham Rotary Club and a member of the District Governor's Council the past year was the speaker. He gave an excellent interpretation of the aims and objects of Rotary.

The next meeting of the Newton Club will be held on Monday as usual at the Woodland Golf Club. Dr. Cecil Clark, past president of the Newton Club who recently returned from the recent international convention at Seattle will speak on his trip as the delegate of the local organization.

SPORT NOTES

Noble Eliminated

Arthur D. Noble of Newton Centre and of the Dartmouth tennis team was eliminated from the Oldtown Country Club tennis singles tourney last Saturday in the second round. He lost a hard fought battle in which H. F. Ross of Winchester, M. I. T. star, was the victor 6-1, 2-6, 6-2. Noble had two legs on the coveted Richardson Bowl offered in this tourney but now must wait at least another season before retiring the trophy.

Signore Leads for Time

wait at least another season before retiring the trophy.

Signore Leads for Time

Vincent Signore of Newton Centre, running for the Dorchester Club, set the pace for a large part of the way in the steeplechase at Lynn on the holiday. Signore, running his first event of this nature, with a teammate had the maximum handicap of 180 yards. The winner, George Lermond, who set new American figures at the Eastern Olympic Tolly and the season before the Boston Boys

THE WEEK IN NEWTON SPORTS

NEWTON Y NINE HOLDS LEAD IN TWI-LEAGUE RACE

Regaining its winning stride this week the Newton "?" baseball team held its position in front of the field by winning both its games from the Town Team and the Upper Falls outfit. The Newton Cubs, second place holders, hung right on the heels of the "Y" nine by winning both its scheduled games and is still but half a game away from a deadlock for first.

One of the largest crowds of the season witnessed an exciting game at Victory Field, Nonantum, Wednesday evening when the two rival nines of that section, the Nonantum Boys' Club and the Silver Lake A. C. faced each other. The Boys Club, which recently entered the league, taking over the standing of the disrupted Nonantum A.A. team, came off second best in their first joust with the Silver Lake A. C., and consequently a second meeting for these two nines at Cabot Park next week Monday evening is expected to draw another record the week were the hitting of Golden of West Newton and the fielding of Manning of the Boys' Club, Walker of Upper Falls and Lochiatto of Silver Lake. Next week's schedule is as follows:

Monday

Highlands ye y Y M. C. A at Highlands.

Monday Highlands vs. Y. M. C. A. at Highlands. Silver Lake vs. N. A. A. at Cabot.

Tuesday West Newton vs. Silver Lake at West Newton. N. A. A. vs. Highlands at Victory.

Wednesday Y. M. C. A. vs. West Newton at Y. M.

LOCAL ARCHERS WIN AND LOSE TITLES IN ANNUAL TOURNEY

IN ANNUAL TOURNEY

Mrs. Dorothy Cummings of Newton Centre retained her title as the women's champion of the Eastern Archery Association but was defeated in her efforts to retain the Double Columbia round honors as the result of the three-day archery tournament which was concluded Saturday at Deerfield. W. E. Long of Newtonville is one of the new title holders which were created in three of the events. In the third instance Dr. Paul W. Couch of Newton Centre, a former title holder, placed third for the highest ranking of a local archer.

In the women's national round Mrs. Cummings was not up to records established by herself in former championship. This feat is unequalled by any other woman archer. Last year Mrs. Cummings, probably the finest with world record scores. Second place honors in the event at Deerfield were divided between Mrs. Lyman F. Wittney of Newtonville archer, W. E. Lower Web is a mappion of the Well woman's Club, incorporated, under the provisions of the General Laws, champion and this year's Lady Para-mount and Mrs. Flora Hale of New Haven.

The Newtonville archer, W. E. Lower who is a mappion of the Well was a public hearing at Room 37, State to work the provisions of the General Laws, champion and this year's Lady Para-mount and Mrs. Flora Hale of New Haven.

The Newtonville archer, W. E. Lower who is a mappion of the Well was a public hearing at Room 37, State to work the provisions of the General Laws, champion and this year's Lady Para-mount and Mrs. Flora Hale of New Haven.

mount and Mrs. Flora Fale of New Haven.

The Newtonville archer, W. E. Long, who is a member of the Wal-tham Archery Club, won the honors in the Double American Round with a

To the Editor:

It was my privilege and pleasure to attend recently a concert given by the All Newton Music School, a school which is partly supported by private subscriptions, and partly by fees from pupils, with Miss Elizabeth Fyffe as Director. Not only was I surprised, but decidedly entertained by the fine work done by those taking part. In the first place the program consisted of standard classic compositions, and the thought came to me that we might have to attend concerts like this one to hear works of the old masters, since programs given at many of our concert halls consist of the latest jazz artist's contribution to the modification.

Silberman and Horton, 6—0, 6—4.

This is the third straight win for the Y. M. C. A. Team. Next Saturday afternoon it meets the Newton Racqueteers at the High School Courts.

Band at Detention Station
The Newton Constabulary Band is giving a concert next Sunday afternoon at the Detention Station at East Boston under the auspices of the Newton Y. M. C. A.

Miss Mary Lee Hutchins, daughter of Dr. and Mrs. Henry T. Hutchins of 130 Dudley road, Newton Centre, was married to William Barry Wood, Jr., son of Mr. and Mrs. William Barry Wood of 271 Adams street, Milton, at noon on Saturday, July second, at East Edgecomb, Maine. Rev. Leslie Glenn, rector of Christ Episcopal Church of Cambridge performed the ceremony. The bride was given in marriage by her father. There were no bridal attendants, only a small gathering of members of the families and relatives were present.

Mr. and Mrs. Wood left immediately after the ceremony on a wedding trip and on their return will reside in Baltimore, Maryland where Mr. Wood is to study at the Johns Hopkins Medical School.

The bride is a graduate of Vassar and was a student teacher at the Baltard Memorial School in Kentucky. The groom prepared for college at Milton Academy and attended Harvard College where he was a star in football, hockey, baseball and tennis and captain of the 1931 Football Team. He was one of the highest ranking scholars to be graduated from Harvard in recent years. He was elected to Phi Beta Kappa in his junior year and was graduated summa cum laude.

BOUDREAU-ACETO

On last Sunday afternoon at St. Bernard's Church at four-thirty o'clock, Miss Mary Helena Aceto, daughter of Mr. and Mrs. Salvatore Aceto of 116 Crescent street. Auburndale, became the bride of William Boudreau of West Newton, son of Mr. and Mrs. Timothy Boudreau of Nova Scotia, Canada. The ceremony was performed by Rev. Plavokus.

The bride wore a gown of white lace with a long tulle veil, lace edged and she carried a bouquet of white roses and liles of the valley.

Miss Elvira Aceto, sister of the bride, attended her as maid of honor and wore a gown of pink point de'sprit, large picture hat and slippers to match and carried a bouquet of pink roses.

Mrs. Josephine Fay, sister of the

roses.

Mrs. Josephine Fay, sister of the bride, and Mrs. Albert Aceto, sister-in-law of the bride, were her attendants. Mrs. Fay wore a gown of green lace trimmed with yellow, large picture hat and shoes to match, and carried a bouquet of yellow roses, and Mrs. Aceto wore a gown of blue point de'sprit with hat and shoes to match and carried a bouquet of delicate pink roses.

roses.

Mr. Boudreau was attended by Paul Fredette of West Newton as best man. Albert Aceto, brother of the bride and Alfred Fay, brother-in-law of the bride were the ushers.

A reception was held at the home of the bride for relatives and close friends after which Mr. and Mrs. Boudreau left on their wedding trip to Canada where they will spend three weeks as guests of Mr. Boudreau's parents.

RICHARDSON-BLANCHARD

Miss Lorna Blanchard, daughter of irs. Albert Blanchard of Brooklyn, ew York, was married to Dr. John R. Richardson of Newton, son of Pro-essor and Mrs. Bertram Richardson fessor and Mrs. Bertram Richardson of Dorchester, on Wednesday afternoon, July 6, in the First Congregational Church at Searsport, Maine. Miss Blanchard was attended by her sister-in-law, Mrs. William Blanchard of New York as matron of honor. The bridesmaids were the Misses Marie and Clara Blanchard, sisters of the bride, Theodore Day of Newton, a classmate of the groom, was the best man. The ushers were Ward Hunter of Newtonville, Walter Sears of Arlington, Samuel Calderwood of Roxbury and Turner Blanchard, brother of the bride.

Miss Ellen Walton Packard, daughter of Mr. and Mrs. William E. Packard of Eaton street, Wakefield and Donald Leonard Houghton, son of M. and Mrs. Albert H. Houghton of Woodward street, Waban were married at the home of the bride's parents on Saturday, June 25, by Rev. Dr. Albert H. Gage pastor of the First Baptist Church.

They were attended by Miss Hazel A. Packard, sister of the bride and Hamilton Oakes of Newton.

The ushers were John Horgan of Waban and Everett Packard of Wakefield. The bride, a graduate of Boston University, class of 1927, has been a teacher in the Weston High School, where the bridegroom is athletic coach.

Mrs, George L. Dyer of East Orange, New Jersey, has announced the engagement of her daughter, Miss Margery Louise Dyer, to William Charles Harris, son of Mrs. Henry W. Harris of Chestnut Hill. Miss Dyer attended the Dearborn Morgan School in Orange, New Jersey, and the Bennett School at Mibrook, New York. Mr. Harris was a member of the class of 1928 at Harvard where he was a member of the Hasty Pudding Club, Institute of 1770, the S. K. and Phoenix Clubs and the Harvard Flying Club.

Mrs. Helen A. Ward of Woodend road announces the engagement of her daughter, Helen S. Ward to Harry W. Foot of Coshocton, Ohio, now pastor of the Congregational Church in Dorset, Vt. She is to be married in the fall.

Worldly Mother—He is old but immensely rich. I hope, my dear, you didn't tell him that you did not love him.

Modern Daughter—Oh, no. I thought Pc wait until after we were mar ried.

Police News

Robert McGrath, 17, of 40 North street, Newton Centre, was in the Newton court last Friday charged with throwing firecrackers at passing automobiles at Newton Centre square. Patrolman Riley, who was on duty there, arrested McGrath. The officer testified that he had seen the youth throw firecrackers at automobiles as they passed by. Judge Bacon was lenient with McGrath in view of the dangerous pastime he had indulged in. He fined him \$5, and then suspended the fine.

Harold Donovan, 15, of Codman park, Jamaica Plain, was in the Newton juvenile court last Friday charged with stealing the car of Prescott Bigelow, Jr., from Suffolk road, Chestnut Hill, on June 19. He was given a suspended sentence to the Shirley Industrial School.

NEW ENG. PRESS ASSOCIATION

RETAIL TRADE IN NEWTON

The recent issuance of a comprehensive analysis of the major retail markets of the nation reveals the fact that Newton is below the average for the United States. The analysis is based upon the first official census of retail sales made by the government in connection with the 1930 census. With the index of 100 as the average for the country, retail sales in Newton at 79 rate our city 21 per cent below the average as against 119 for all of Massachusetts. The picture is not as dark as might be imagined for Newton merchants, however, as in several lines of trade Newton is above the average. In grocery sales, drug store sales, automobile sales, hardware sales, and in the sale of building materials the range hardware sales, and in the sale of building materials the range in Newton above the country average is from 14 to 54 per cent. Of the important cities of the country Newton ranked high with sales amounting to \$21,000,000. Among the states Massachusetts ranked eighth with sales amounting to two billion, fifty-nine millions of dollars. Per capita retail sales expenditures in Newton in 1930 amounted to \$323 as compared with \$408 for the United States and \$484 for the State of Massachusetts. One of the most important proofs these figures offer is the fact that Newton residents do not need to shop elsewhere when they can "Trade at Home" with the added assurance of a high standard of service and quality.

OUR CANDIDACY

With this issue we announce our candidacy for the House of Representatives from the 4th Middlesex District. The coming sessions of the State Legislature will require the greatest of care, deepest thought, and extensive co-operation of the members of the General Court in order that governmental costs may be considerably reduced in order to relieve the increasing pressure of constantly grouping to see. Through a pressure of constantly grouping to see. creasing pressure of constantly growing taxes. Through our newspaper activities we have been in close touch with municipal and state affairs. The community newspaper must be in such a position in order to maintain its value to the public. As managing edtor of the paper our constant aim has been to render service to the city of Newton. Our first political pledge to the people of Newton is that we shall continue our earnest endeavors to promote the welfare of the city and the district we desire to represent.

NEWTON ON THE JOB

Citizens of the Metropolitan District were no doubt greatly amazed to learn that at a meeting recently called by the Joint Special Committee on Public Expenditures only a bare half-dozen representatives of the mayors and selectmen of the dozen representatives of the mayors and selectmen of the cities and towns making up the district were present. Who can the public blame but themselves when a situation exists where even a vital matter affecting the tax-payers' pocket-books interests but an almost negligible few? We are glad to note, however, that of the two or three cities represented Newton was among the foremost by City Solicitor Joseph W. Bartlett, as well as by Representative Baker, a member of the committee

Recent Deaths

JAMES E. CLARK

W. K. Brimblecom, Managing Editor

Following a prolonged illness, Mr. James E. Clark of Newton passed away Tuesday, July 5th, at his summer home, Miloheim, on Lake Sunapee, New Hampshire.

He is survived by his widow, formerly Miss Jane E. Carey of Keokuk, Iowa, his daughter, Mrs. Mildred Clark Crook of Cambridge, and his son James Lomax Clark of Jackson-ville, Florida.

Mr. Clark was born in St. Louis, Mo.,

son James Lomax Clark of Jacksonville, Florida.

Mr. Clark was born in St. Louis, Mo.,
April 21, 1855, the son of James Clark
of Westfield, N. J., and Lucy Lathrop
Clark of Bridgeport, Conn. He attended the John F. Pingrey School in Elizabeth, N. J., and completed his eduteation at the Polytechnic School in
Stuttgart, Germany. In 1877 he went
to Keokuk, Iowa, to engage in the
leather business, which brought him
to Boston eleven years later. He was
married to Sarah Wellford Lomax of
Keokuk, Iowa, in 1892, establishing
this home in Newton where Mrs. Clark
died two years later.

Mr. Clark was married to Miss Jane
E. Carey of Keokuk, Iowa, on February 22, 1919.

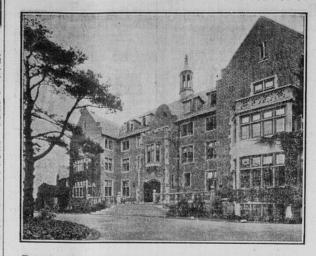

His life has been one of unselfish
devotion to his many philanthropic interests. As a directing influence in-

Edward F. Barnes, a former well known real estate broker of Newton, died on July 5 following a long fillness. He was born in Waltham 76 years ago and came to Newton with his parents when a child. The family residence was on Channing street and later Mr. Barnes resided on Newtonville avenue. He succeeded to the real estate business founded by his father, F. G. Barnes, who was a member of the first Board of Aldermen of the City of Newton. Mr. Barnes was a widower. His funeral service will be held this afternoon at the chapel in Newton Cemetery.

Exterior view of the Sanatorium of The Christian Science Benevolent Association at Brookline, Massachusetts.

E. Carey of Keokuk, Iowa, on February 22, 1919.

His life has been one of unselfish devotion to his many philanthropic interests. As a directing influence in leading charitable organizations of Boston and vicinity, he has served as Vice President of the Stone Institute, and the Newton Home for Aged Poople, President of the Rebecca Pomeroy Home for Orphan Girls, Trustee of the Morgan Memorial, the Talitha Cumi Home, the Newton Hospital and the Newton Young Men's Christian Association.

Association.

Association and the Newton Hospital and the Newton Young Men's Christian Association.

Association as member of the Eliot Church of Newton, Brae Burn Country Club, the Hunnewell Club of Newton, the Lake Sunapee Yacht Club.

Finneral services were held Thursday, July 7th, at 2 p. m., at his late residence, 80 Claremont street, Newton, Mass., with Rev. Ray A. Eusden.

D.D., officiating, Friends and relatives were invited. Burial was private. The Jalibearers were those men who aves served him so faithfully over a long period of years: Martin Smith, Charles Pratt, Arthur W. Holmes, Joseph Carmody, John Sharp and John Stanley.

Mr. Clark was great in his utter simplicity; in his love of music and books, of nature and people; in his patient of the Mother Club.

EDWARD F. BARNES

EDWARD F. BARNES

tion between Newton Corner and Newtonville.

The other day at the corner of Peabody street, a depression occurred in the asphalted side lane, next to Peabody street. This was caused by a settling of the big excavation made some months ago for the 60-linch water-main. The contractor doing the work was put to considerable extra trouble and expense recently when he had to jump about 60 feet of construction work while laying the cement lane near Truck 1 house at Newtonville, and later bring his huge equipment back. This was caused by the failure of the Edison Company to make necessary alterations on man-holes last Winter, when it was requested to do such work.

of sports events over the radio will appland the decision of the New York boxing commission forbidding the broadcasting of fights in that State by a commission of the property of the propert broadcasting of fights in that State by anyone who is not an expert in pullistic affairs. If the national broadcasting companies had used any judgment, they would long ago have ceased using "pink tea" broadcasters to nauseate millions of sport fans by their effeminate yapping in ridiculous attempts to describe fights and football games.

Mrs. Catherine Smith of 4 Cheney street, Upper Falls is taking Pasteur treatment as a result of having been bitten by a dog owned by a neighbor. The animal subsequently died, after showing symptoms characteristic of rabies. Its head has been sent to Harvard University laboratory for examination.

The death of James E. Clark of Claremont street, Newton, on July 5th, removes from our midst a man who performed much good for this city. A

man who possessed an abundance of wealth, charity and public spirit. The Newton Y. M. C. A., Newton Hospi-tal, Pomroy Home, Stone Institute, all were fortunate recipients of Mr. Clark's generosity. His kindly face will be missed.

New England has billions and billions of fire flies this season.

The old poles of the Middlesex & Boston Street Railway which are to be removed from along Washington street are still adorning that thorough-

"Sacrament" is the subject of the Lesson-Sermon which will be read in all Churches of Clirist, Scientist, on Sunday, July 10.

The Golden Text is: "Let a man examine himself, and so let him eat of that bread, and drink of that cup" (I corinthians 11:28).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He that hath my commandments, and keepeth them, he is it is that loveth me: and he that loveth me shall be loved of my Father, and I will love him, and will manifest myself to him" (John 14:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy evidence of our gratitude for all that he has done" (p. 4).

RELIGIOUS EDUCATION COMMITTEE REORGANIZED

The committee in charge of the Training School next fall, has been re-organized, and consists of the following members: Prof. Wm. H. Timbie, chairman, Mrs. Sidney B. Thomas, Rev. E. L. Shaver, Prof. J. P. Berkeley, Miss Margaret Ripley, and the Executive Secretary of the District.

Oil lamps, girl's bicycle, nouse-hold furniture, clothing, and men's shoes, are much needed by the Welfare Bureau.

Ethiopian Tombs Yield

Remarkable discoveries were made by an archeological expedition which excavated the mounds of Goha in the Nubian desert to the south of the the Nubian desert to the south of the great temple of Abu-Simbel, 40 miles north of Wady Halfa. The mounds proved to be great tunuil, erected in the late Roman period by the Ethiopians over subterranean tombs. In one of the tombs were the skeletons of horses, camels, and dogs, slaughtered to accompany the dead owner on his voyage to the other world. Nearby was a heap of the bones of four young men, strangled at the time of the death of their master. Pieces of rope were still knotted around their necks. The trappings of the animals presented a gorgeous dis-play of silver work and gally colored cloths. The horses' saddles were cloths. The horses' saddles were mounted in solid silver, delicately embossed with Greek and Egyptian designs. With them were found massive silver pendants suspended from heavy silver chains, which were apparently hung from the horse's neck and body.
The harness was set with semiprectous stones. The burial chambers had evidently been plundered, but still contained great wine jars and piles of dried dates intended as sustenance for the dead in the after life.

Many Square Miles of

"Liquid" United States

The firm land area of the United States is about 3,000,000 square miles; its water area, not counting the Great Lakes, amounts to more than 50,000 square miles—better than one mile of surface you'd have to swim across for every 60 you could walk over.

Some of our states have far more water area than Delaware or Rhode Island has land area. The District of Columbia has one square mile of water for every eight of land. Connecticut has nearly 100,000 acres of water to beautify its 3,000,000 of land

beautify its 3,000,000 of land.
Minnesota, with 2,500,000 acres of
water, leads all the states in water
area, while if you count the 40,000
square miles of Great Lakes surface,
over which Michigan claims sovereignty, she has almost as much water
as land area.—W. B. Courtney in Collier's.

Ancient Greek Furniture

While there are but few actual ex-mples of early Greek furniture, we now something about it from the colorful illustrations contained on vases and walls which have been unearthed from that dim and distant past. There are on the market today many charming copies of Greek furniture, particularly in the dining room and living room lines. Being pure in both architecture and enrichment they present a freshness by the most mod-ern designer or builder of furniture. In fact, the L'Art Moderne is of Greek inspiration. The reason for that is, no matter where we turn we can find nothing more inspiring, more correct or more comfortable to the eye than the classic proportions laid down by this wonderful race. They come back in all times, in all periods and in all styles of furniture.—Exchange.

"Bumping Off" Trainmen

Some years ago a practice known s "bumping off" was common among rain workers. Under the rules of seniority, any engineer, for instance, could bid in the run of any other engineer of fewer years' service than he. Now and then, if an unpopular man, or one incurring the enmity of the others, obtained a run he might be permitted to keep it until he be-came well established, perhaps even moving his family to the end of the run, after which an older engineer would "bump him off," or bid in his This sort of treatment could be carried on indefinitely, engineers sometimes giving up passenger runs for freight cars in order to punish a man believed in need of discipline

Jasmine Origin Unknown

Jasmine, often considered the per-fume most pleasing to men in general, is obtained from a shrub of that name common in Asia and Europe. The origin of the jasmine is unknown, but it is known to have been brought to Europe and Asia, where it met instant approval and the plant is to be its where the winter is not too severe.

At maturity the shrub grows to a height of from 6 to 10 feet and is covered with evergreen leaves and bears a white, waxy flower.

"K. C. M. G." Translated

"K. C. M. G." Translated
When Sir George Reid, a man prominent in Australian politics, was made
knight commander of St. Michael and
St. George, he was rather embarrassed
by his new dignity, for he liked to be referred to as plain George Reid. At one of his meetings some one called out: "Say, Sir George, what does K. C. M. G. mean?"

Without a moment's hesitation the new knight answered, "Keep calling me George."—Melbourne Mail,

Lignite or Brown Coal

Brown coal, as it is often known, ilgnite is vegetable matter in the early stages of coal formation. From a geological standpoint it occupies a pesition between peat and sub-bituminous of tenter breaks and crumbles. Lignite breaks and crumble easily in handling and for this reason it is often difficult to burn. It ignite-readily but yields only a moderate amount of heat.

FEMININE REASON

Geneva Artsbury of Rock Gulch, aged twelve, stood in the book store with the first book she had ever purchased with her own money in her hand,

"But why can't I have my money back for this book, even if I have read it?" she inquired. "What's the matter with it?" asked the clerk. "Is the cover scratched, or

are there some pages missing?" "Then why don't you want to keep the book?" asked the clerk again. "I don't like the way the story ends," calmly declared Mistress Artsbury.—

HANDY COMPANION

I like to have him along so that he can do the talking about the day's sport."

Safety First Betty—Won't you come in and while before you go? It's early. Billy—No, 1 guess not.

Billy—No, I guess not.

Betty—I wish you would. It's awfully lonesome. Mother will be out until midnight and dad is upstairs groaning with rheumatism in his legs.

"Both large".

"Yes, both legs." "I'll come in for a little while."-

Didn't Exactly Fit

They were standing before a la painting entitled "Echo" in an "I suppose," said one man, "it is appropriate to depict Echo as a wom-

word,"
"On the other hand," returned the second man, "An echo speaks only when spoken to."

"What is your idea of class legis-

"Most of it," replied Senator Sorg hum, "reminds me of something that might be thought of by a boy who would qualify for the foot of the class in any old-fashioned school-room."—Washington Star.

Absent Minded Again

"Now, what shall we name the baby?" asked the professor's wife, "Why," ejaculated the learned man in astonishment, "this species has been named for centuries. This is the pri-

HAD PROVED IT

The Benedict (whose wife has money)—Sure thing. I spent an hour last night trying to find my wife's pocket. Can you lend me a ten spot.

Indignant

"What was that bride so provoked

what was that bride so provoked about?" asked the grocer. "Oh," replied the clerk, "yesterday I persuaded her to buy some of those canned biscuits, and she was disgusted to find they weren't baked and hot when she opened them!"-Pathfinder

Limit in Freshness

The shoper was inspecting a crate of eggs in the village provision store. "Are these eggs fresh?" she inquired. "Fresh, madam!" exclaimed the groeer. "Why, they wouldn't have been laid till tomorrow if I hadn't torn page too many off the calendar!'

Yes, Always

Yes, Always
Two little boys were talking. One
said to the other:
"Aren't ants funny little things?
They work and work, and never play."
"Oh, don't know about that," replied the other." Every time I go on
a plenie, they are there."

Absurd
Editor—Your writing is hard to read.
Why don't you type your poems?
Poet—Do you think I would waste time writing poetry if I could type?

P. A. MURRAY & CO.

CHILDREN'S MUSEUM That the pitcher plant eats insects that a snail walks by lengthening and shortening his foot, that crayfish children cling to their mother's legs until they learn to walk and that a water they learn to walk and that a water spider fills her house with bubbles of air are among the interesting facts gleaned by the Children's Museum of Boston summer Field Trip members on the trip to Hammond's Woods, Newton Center for the study of swamp and pond life last Wednesday. Thirty-eight children with two museum staff leaders found this section a rich collecting ground for study specimens. Next Wednesday, this group will go to Franklin Park for the study of mammais, birds and reptiles. These trips will be taken through July and August.

Exactly

A father was giving some advice to his son who was going to college for the first time.

"Now, my boy," he said, after delivering a long lecture. "You under stand perfectly what I mean?"

"Yes," said the youth. "It boils down to this, doesn't it. If I do well, it's because of heredity; if I fail, it's my own fault."

ust.

The daily motion picture talk given at three o'clock and at other times between nine and five by appointment for this week is called A Trip to the Emerald Isle. Glimpses of Ireland's beautiful scenery, a story of the turf industry, various methods of transport taken and close-ups of the people make this an unusually interesting film.

Next week, beginning Monday, a thrilling story of the bord.

Next week, beginning Monday, thrilling story of the hardy Gloucest fishermen bringing in the Cod off the Grand Banks, entitled "Harvesters o the Deep," will be told by motion pic

John T. Burns Urges 5 Per Ct. Mortgages Rate

Public Employees Wages Should Be Reduced

John T. Burns. President of the Massachusetts Real Estate Exchange and active in the suburban real estate field for nearly half a century, considers that present conditions must be remedied.

Mr. Burns says, "When I look back a few years into the past and realize that real estate, residential and business, has always been a good sound, safe and secure investment, certain conditions of the past suggest certain remedies for the present. There was a time, not too long ago, when a bank or mortgage company would not think of asking for more than 5% interest on a first mortgage on real estate. With the happy days of prosperity and boom, the increased income, as well as the increased value of all real estate, first mortgage rates were raised to 6%, and in the days of greatest prosperity to 7%. This 7% rate did not last long, in fact, just about a year, and then mortgage money dropped back to 6%. Now it is time for it to drop back to 5%. The decreased revenue on real estate demands it! The banks will not suffer if this step is taken; it will simply mean that they will pay a correspondingly lower rate of interest rate on savings deposits, and the interest rate on savings deposits, and the interest rate on savings bank deposits is the one spot that has not yet felt any sign of depression.

Another correlative real estate expense that should be reduced is the real estate tax. In the past years, the cities and towns throughout the country did not hesitate to increase the valuations on real estate as it became more valuable, or in other words as real estate produced or was capable of producing a greater income. During the past three years, the income on most real estate has had a shrinkage of at least 25%, and the city or town tax assessment should decrease accordingly. You may say, 'What's the sense in decreasing real estate assessments and simultaneously increasing the tax rate?' And true, such an occurrence should not take place. The city or town is consumed by salaries:—executives, department employees, laborers, police

Accident results.
On July 1st fire insurance rates on certain types of dwellings in Massachusetts were increased. Newton still remains in Class A, getting preferred rates on fire insurance, but the State-wide increases offset the reductions allowed last year on many houses in this city. The reason for the increase is—that the loss experience of insurance companies on frame dwellings in Massachusetts for the past 5 years has been heavy, being over 58%. During the past few years there has been a large number of incendiary fires. Very few convictions for arson have resulted. So, the public in general must furnish the money paid to the comparatively few criminals who jeopardize the lives and property of others by setting fires to collect insurance.

150 Men Given Work on Public Improvements

70 on Playgrounds

Three public improvements are underway in this city now which are giving employment to 150 men who have to be enout of work. The largest project is that on Commonwealth avenue, where in the work of the center of the avenue, where in the work and planted with shrubs at differences. The spring project is that on the center of the avenue, where in the work and planted with shrubs at differences. The spring polyment to 150 men engaged in this work have been drawing "solid mind the spring polyment to 150 men engaged in this work have been drawing "solid mind the spring polyment to 150 men engaged in this work have been drawing "solid mind the spring polyment to 150 men engaged in this work have been ade in gand landscaping the 35 acres of this large wooded plagground. At the Hathorn street playground at Nova a drain and making polyment to 150 men were given employment through the Mayor's Relief and more thought the work in the money to pay them. They are working four days a week, and receive wages of 33 a day.

Boy and a drain and making the money to pay them. They are working four days a week, and receive wages of 33 a day.

Boy and through the Mayor's Relief and working on Commonwealth avenue are being paid by the City of Newton. At the last meeting of the Board of Aldermen an appropration of \$10,000 was made to provide funds for this work. Further appropriations will have to be made, as the entire foour miles length of the reservation of \$10,000 was made to provide funds for this work. graring example. Referring to it he said—

"The way I hooked onto it was finding \$363,000 going to Mr. Babson and his associates and it was called 'miscellaneous expenses.' I have photostatic copies of the records and of the contracts here.

"The franchise was bought at a receiver's sale on a shoestring. Purchasers were able to borrow every dollar to put into it.

"The public misunderstood this thing at first because it was so rotten, they couldn't understand it. I don't care if Babson's whole force is here. If I am elected governor, I'll go after him and try to get back the \$200,000 that he got.

"The pockets of the people are not inexhaustible as some think at the State House. Economy can start in the Governor's chamber and council, as they have been handing out contracts like kisses."

Political News

There will be no lack of candidates for the Democratic nomination or the Republican nomination for Representative to Congress from the 9th District. Combridge who says he will take a strong stand against prohibition and pledge himself to work for the repeal of the 18th Amendment. Robart served with distinction in the 26th Division, A. E. F. He twice ran against the late Mayor Quinn of Cambridge and was defeated both times. For over 2 years he has served as director of the State Division on the necessaries of life.

Another candidate for the Republican nomination is Jacob Wasserman of 126 Manet road, Chestnut Hill. Wasserman has been a resident of this city for only about a year. Several days ago upon inquiry at City Hall, the GRAPHIC was informed that he was not registered as a voter in Newton and had not been assessed.

Newton Safe Place For Children

Residents of Newton eligible to vote who desire to become registered in time to participate in the primaries on September 20 may register at City Hall any week day except Saturdays from 8.30 a. m. until 5 p. m.; on Saturdays the hours are from 8.30 a. m. to noon. On August 31 a continuous session will be held at City Hall from 8.30 a. m. until 10 p. m. This will be the final day on which voters may register for the State Primaries. After the primaries registration may be had at City Hall until October 19 to qualify persons to vote at the State and National election. Unlike other years, the Registrars are not holding sesions in the various villages of the city. Citizens must go to City Hall to be registered.

THE WEEK IN NEWTON SPORTS

HIGHLANDS CLIMBS TO FIRST PLACE TIE IN TWI RACE Upper Falls vs Auburndale at Falls. Cubs vs Lower Falls at Cabot.

After leading the Newton Twilight league race the past several weeks the Newton Y was finally dislodged and the Silver Lake A. C. and Highlands A. A. are deadlocked in the top position. The Newton Cubs climbed to within a half game of the two leaders and the "Y" nine is in fourth place a half game below the Cubs. The "Y" team, however, has played three more games than the Cubs and two more than the two pace-setters and should any of the three teams lose a game the former leaders will be back in the running.

The Highlands A. A. was the outfit that tumbled the "Y" from first place with Phil Giles twirling the southsiders to an 11 to 9 victory. By also defeating the Nonantum Boys Clubs 6 to 5 the Highlands nine climbed to an even footing with the Silver Lake A. C., former second place holders. The Silver Lake outfit defeated both the West Newton Town Team, 16 to 3, and the Nonantum Boys Club 5 to 2 to prevent the Highlands team from going into first place alone.

The Newton Upper Falls team, winners in 1930, have strengthened their outfit by bringing back the members of the 1930 club and expect to make trouble for the leaders for the balance of the season.

The schedule for next week offers the following games:

Week of July 18, 1932

Week of July 18, 1932

Week of July 18, 1932

Waterndale vs Upper Falls at Auburn-dale.

Upper Falls vs Auburndale at Upper Falls. Friday

Last Sunday, July 10, The Newton Constabulary Band gave a concert at the Immigration Station, East Boston. This concert was part of the program provided by Greater Boston Organizations each Sunday afternoon during the entire year for men and women who are detained at the station until released or sent back to the country from which they came.

The members of the Band who gave their services for this occasion were F. Nobile, Director, P. C. Newell, Manager, J. F. Holmes, Fred Mason, A. E. Barbier, W. B. Liddy, S. Binney, Geo. Durland, Ralph Stammer, F. Owens, C. Harry Seaberg, Benj. Thomas, H. A. Brown, Ivan Hunt.

In addition to helping with the Sunday programs, the Y. M. C. A.'s of Greater Boston maintain a radio set at the station and provide games for the use of the immigrants.

Checkers, playing cards or games left at the Newton "Y" will be sent to the Immigration Station to help the inmates pass away the many tedious hours of their confinement.

SPORT NOTES

Wins Speedboat Race

Wins Speedboat Race
Clinton Ferguson, youngest son of
Mr. and Mrs. Stanley W. Ferguson of
Carlton road, Waban, won his first
race in the Class C outboard speed
boat races at Onset last Sunday. Last
winter he built the boat in which he
raced at the Levi Warren Junior High
School. He was the youngest entrant
in the race and with the water quite
rough for racing it was quite an honor
for the local boy to win.

TAX RETURNS DROP CONSIDERABLY

There will be a substantial drop in the amounts to be re ceived by the City in the form of tax reimbursements of the State, according to a preliminary estimate by the State Commissioner of corporations and taxation, Henry F. Long. In 1931 Newton received a total of \$548,000 which will be reduced this year to but slightly more than \$400,000. The drop in the returns is due largely to a shrinkage in various forms of revenue such as income, business and foreign corporation excise taxes, etc. The reduction in such forms of income is one of the many reasons why it is imperatve that the cost of government, both state and municipal, must be

HALF A MILLION IN DIVIDENDS

Mutual savings banks whose dividend periods come in July will release dividends amounting to twenty millions of dollars in the state of Massachusetts. Dividends of the local mutual savings institution total \$478,581, or within a few thousand dollars of a round half million. It is an interesting fact that not one of the mutual institutions of the 194 active savings banks in the state will fail to pay its dividend this year. The distribution of this sum, either in money or additional credits in passbooks of depositors cannot fail to be of benefit. It comes perhaps at the moment of greatest need.

Recent Deaths

MISS ANNA T. DENNING

Miss Anna T. Denning died at her late home, 70 Reservoir street, Upper Falls, on Tuesday, July 11, after an illness of two months. Miss Denning, who had resided on Reservoir street for over fifty years is survived by two sisters, Mrs. Maria Buckley of Natick, Miss Ella Denning of Reservoir street, Upper Falls, and one brother, John Denning of Reservoir street, Upper Falls.

Funeral services were held from her late home on Thursday followed by a High Mass of Requiem at the Mary Immaculate of Lourdes Church, celebrated by Rev. John D. Lyons.

Burial was in St. Mary Cemetery, Needham, with prayers by Rev. John D. Lyons. Miss Anna T. Denning died at her

ELLEN GERTRUDE CAHILL

Miss Ellen Gertrude Cahill of Concord street passed away at her home of Thursday after an illness of six weeks. Funeral services were held Saturday at ten oʻclock at St. John's Church, with Solemn High Mass. Interment was in St. Mary's cemetery, Needham.

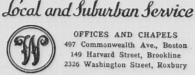

Miss Cahill has been associated with the John Dolan Co. for about 25 years. All who knew her in any way will miss her smiling and kind face She was a friend to all. Miss Cahil was very active in Church work act ing as secretary of the Sunday School at St. John's Church for many years

Aldermen in Long Meeting, Mostly Secret Session

site Beacon street.

The first matters on the docket were hearings on petitions of the Edison Company for pole locations on Mossfield road, Greenlawn avenue and North street, Newton Centre. A location for one pole is desired on the latter street. Alderman Grebenstein informed the Board that Mr. Fitz-Gerald of North street wants an underground conduit instead of the pole. Most residents in this city do not favor underground conduits because of the additional cost they entail to customers.

Bridge and California streets.

On recommendations of the Claims and Rules Committee the following petitions were refused—James Edumas, change of zone from residence to business at Boylston street near Woodcliffe road; B. Generazio, changing land at Eliot street and Circuit avenue from residence to business zone; Henry Whittlesey, waiver of set-back line on River place, Waban; Antonio Mandile, right to use Jackson street as two-way street.

Coleman Brothers Get Worcester Pike Contract

Their Bid is \$262,000 Lower Than Engineer's Estimate

A regular meeting of the Newton Board of Aldermen was held on Monday night. The meeting was called to order at 8:12 and at 8:15 Herbert Parker began a lengthy address to the Board which is dealt with elsewhere in this issue of the GRAPHIC. At 9:30 a "short recess" was taken which lasted until 11:40. Most of the two hours spent in the "huddle" was consumed by the Licenses and Claims and Rules Committees. The latter held a conference, under cover, with the remainder of the Board regarding the sand and gravel pit at Washington street. Lower Falls, opposite Beacon street.

The first matters on the docket were hearings on petitions of the Edison Company for pole locations on Mossfield road, Greenlawn avenue and North street, Newton Centre. A location for one pole is desired on the latter street. Alderman Grebenstein informed the Board that Mr. Fitz-Gerald of North street wants an underground conduit instead of the

where they are now on an over-night hike.

The Newton boys are as follows: Robert A. Claffee, 14 Trowbridge street, Newton Centre; Stanley Levine, 60 Cedar street, Newton Centre; Anson Albree, 49 Shaw street, West Newton; Douglass Muir, 158 Prince street, West Newton.

They all plan to get more Newton lads to apply for this camp next year, and after seeing their camp grounds, training activities, sports, the regular army and reserve officers who are training them, I don't blame them. I think I would want to be here year after year. It is wonderful.

WOMEN OUTNUMBER MEN IN NEWTON

The statistics compiled by the Newton Board of Assessors from the census of the city recently taken by members of the Newton police department show that there are 4934 more women in the city than men; 24,064 of the former, and 19,130 of the latter. There are 43,194 persons in Newton of voting age. The number of registered voters is under 28,000.

Herbert Parker Tells Aldermen Gasoline Station Permit On **Avenue Must Be Granted**

cation for one pole is desired on the latter street. Alderman or rebenstein informed the Board that Mr. Pitz-Gerald of North street wants an use pole. Most residents in this city do not favor underground conduits because of the additional cost they end the petitions of the Texas Company for a permit to erect and maintain a filling station at \$25 Chestmut street. Nowton Upper Falls; and the storage capacity at its station, 94 Winchester street, Newton Highlands, Loster Pineberg of Brighton appeared in favor of the petition of the Newton Storage capacity at its station, 94 Winchester street, Newton Highlands, Loster Pineberg of Brighton appeared in favor of the petition of the Newton Station at the rear of the Charlton Building, 327 Washington street. He gave as a reason for wanting the tank than a magnetic street of the petition. Newton Man Is College Head

Rev. Joseph V. Nevins of the Sulpician Order has been appointed President of St. Joseph's College at Mountain View. California. Father Nevins was born in Newton, graduated from the parochial school of the Church of Our Lady, and following his ordination 23 years ago, joined the Sulpician Order. For some years he has been on the faculty of the Sulpician Seminary at Washington, where it is connected with the Catholic University. Father Nevins has been prominent in the affairs of the Order and has travelled extensively in this country and Europe in connection with his duties. He has been spending several days in Newton the past week, and departed this morning.

H. A. SMITH, Manager Watertown, Mass.

Y. M. C. A.

Executives and employees of the Batchelder Whittemore and Burton-Furber Coal Companies of Boston enjoyed an outing at Marshfield on July 1. 16. Starting from Massachusetts avenue Division headquarters in the morning a long line of automobiles decorated with American flags and specially constructed banners paraded through the streets to Marshfield.

After luncheon an exciting baseball game between Batchelder Whittemore and Burton-Furber companies took place. The result of this game was a tie. The captain of the Batchelder Whittemore team was George Hanson and his opponent was Captain William Burkhart. The next sport item was a rolling pin contest won by Miss Alice McGraw. In the bowling contest for the men, first honors went to William Lawler. Not to be outdone, the girls decided to have their own bowling contest and much to the delight of everybody Mrs. A. Shinneck received first prize. In the golf contest for the women, Miss Louise Norton and Miss Ida Smith displayed unusual ability with a golf putter. They were first and second prize winners respectively. Other employees displayed their ability in archery, shuffeboard, shooting and swimming contests. Diving exhibitions were given in the pool while some of the employees held swimming races in the ocean.

At 5:30 dinner was served and a

Edward Saunders, 21, of 56 Elm St., West Newton, while engaged in friendly sparring with a friend at Elm and Washington streets on Saturday night, received a blow on the jaw that caused a fracture of that part of Saunders face. He was treated by Dr. Coady and then taken to the Newton Hospital for an x-ray examination. Physicians there operated on the broken jaw.

Tefusal to stop when ordered to do so by a policeman.

Antonio Sostilio of Thompsonville, Newton Centre, who was fined \$100 Cornelius Wharton of Pertshire road, Brighton, was fined \$100 for toting a pistol, and was arrested atter darter darter darter charge. · FAIR WEATHER SIGNS

Recent press dispatches in the daily press have told of the re-opening of various mills throughout the country, with the resultant re-employment of many idle workers. While it may take some time to reduce the several millions of unemployed to the normal figure by such a method, it is one of the most hopeful signs for the future. While it is also true that in many instances these workers are going back at a somewhat lower. instances these workers are going back at a somewhat lower wage than in the halcyon years the fact that they are making a livelihood is of importance. The re-employment of idle workers should affect the need for welfare aid and in time workers should affect the need for welfare aid and in time result in a noticeable reduction. The increase in the number of people employed will mean the ability to buy goods and an increased demand for greater production. These fair weather signs mean more by far than the attempt to find money by the imposition of taxes. Any sudden change for the better is, of course, impossible, but we confidently believe that the signs point to a steady pull in the right direction.

REDUCTION IN POSTAL DELIVERY

A reduction in postal service went into effect this week that will be watched with keen interest by residents of Newton. While the change from three deliveries each day to but two and the absorption of an occasional route among the other routes, as well as the non-employment of retiring carriers is perhaps necessary under the government plans for reduction in expenses, it is a possible step backward in type of service and will cause strenuous objjection in Newton. Newton to a high type of service. The plan of centralization put into effect a few years ago was patiently accepted. The new changes may be readily applied in some communities but whether or not they can be so ordered by a blanket regulation from Washington remains to be seen. Local conditions are the sole factor which determines their success. Newton will not tolerate any reduction in service.

HEDGES A SOURCE OF DANGER

Chief of Police Hughes has issued a request that residents of Newton living on corner lots upon which hedges and shrubbery are planted co-operate with efforts to reduce danger hazards by trimming their hedges and shrubs in order that the view may not be obstructed. We have frequently commented upon the fact that these obstructions to the view of an automobile driver have caused accidents and near-accidents. We again add our plea to that of the city officials. While many

mobile driver have caused accidents and near-accidents. We again add our plea to that of the city officials. While many perhaps do not realize it conditions such as these are responsible in part for the increasing auto insurance rates.

MRS. ROSE L. SNEDEKER

Mrs. Rose L. Snedeker of 67 Harvard street, Netwonville, widow of William A. Snedeker, died on July 16, She was born in Watertown, formerly resided in Waltham and had lived in Newtonville for 14 years. She is survived by six daughters and two sons. Her funeral service was held Monday morning at the Church of Our Lady.

| Burt M. Rich | Frovidence to Boston highway routes to be feared.

| Free delivery in the Newton post office was established 45 years ago, in the other postoffices in this city 35 years ago. During all these years ago in the people of Newton, Newtonville, West Newton, Auburndale and Newton Stranger of Mail each week day, except in the outlying sections. In June 1931 the delivery service was cut so that the three deliveries were made injudistricts of mail each week day, except in the outlying sections. In June 1931 the delivery service was cut so that the three deliveries were made injudistricts week deliveries all over the city were to treat the only two each day. This curtallment of postal service is being made all over the country in the interest of economy. Letter carriers who are retired on pensions are not tent of only two each day. This curtallment of postal service is being made all over the country in the interest of economy. Letter carriers who are retired on pensions are not tent of other changes in the postal service which make it less in propositions of the postal service which make the same survived by his widow, Mrs. Gertrude of Odd Fellows. His funeral service was held Tuesday at the Miller Fundal Park of the deliveries of mail each week day. This curtallment of postal service is being made all over the country in the interest of economy. Letter carriers with the proposition of the country in the interest of economy. Letter carriers with the deliveries are the deliveries and the deliveries were made injudistricts with the deliveries of mail each week day. This curtallment of Odd Fellows. His funeral service was held Tuesday at the Short of Odd Fellows. This

AT CAMP QUANSET

Miss Mary Pucciarelli, of the All-Newton Music School, has returned to Newton for a short time from Quanset, Cape Cod Sailing Camps for Girls, Pleasant Bay, South Orleans, where she is resident director of the camp orchestra, composed of 15 pieces. Under her direction the orchestra rehearses daily for a half hour or more. They give a Sunday concert of classical music each week at the camp. They are to play at the matinee performance of Bobby Fulton's Puppets at the Cape Playhouse in Dennis on Thursday, August 4th, when the camp will be there en masse to witness the marionette shows of Jack and the Beanstalk, and George Washington.

Musical numbers in preparation by the orchestra are Selections "Old Favorites" arranged by Seredy and "Il Trovatore" by Verdi, Rigandon by Mousiguy and German Dance by Schubert.

The following Newton girls are in the orchestra: Lois Rockwood, Newton Highlands, Alison and Betsy Thorogood, Chestnut Hill, Margaret Hodges, Newton, Aida Pucciarelli, Newton and Mary Lou and Jean Meicher, Newton.

Quanset's popular camping trips to the outside beach (O. S. B. popularly called by the campers) started the second day of camp and have been going in full force. Mr. Francis P. Hammatt takes the parties over in the "putput" and the sail boats. They cook their meals on the beach, where they also have a cabin. The "Tioga." —Mr. and Mrs. Kenneth Donnelly and daughter of Holly road and Mr.

Newton and Mary Lou and Jean Melcher, Newton.

Quanset's popular camping trips to the outside beach (O. S. B. popularly called by the campers) started the second day of camp and have been going in full force. Mr. Francis P. Hammatt takes the parties over in the "put-put" and the sail boats. They cook their meals on the beach, where they also have a cabin. The "Tioga," Quanset's big pleasure boat takes parties down to the point for clamming parties, and for dinner on the beach, where they also have a cabin. The "Tioga," Quanset's big pleasure boat takes parties down to the point for clamming parties, and for dinner on the seach, for an all day sail, or for shorter trips.

Quanset's in its twenty-seventh season. It is known for its excellent instruction in sailboat management. The Director, Mrs. E. A. W. Hammatt, formerly of Homer street, Newton Centre, is assisted in the management of the camp by her son Mr. F. P. Hammatt of Baton Rouge, Louisiana, and her daughter, Mrs. J. Sanes B. Meicher, of 16 Garden road, Newton.

A. B. Roots of Collins road is making staffactory progress at the Newton Hospital, where he is confined with scarlet fever.

Biblical Writers Tell of Nimrod as "Hunter'

Hunters are called Nimrods from Genesis 10:9 where Ham's grandson Nimrod is referred to as "a mighty hunter before the Lord." The pre-ceding verse says that Nimrod "began to be a mighty one in the earth," a passage which John Skinner, the Bible commentator, interpreted as "the originator of the idea of the military state, based on arbitrary force." In the context it is stated that "the bethe context it is stated that "the be-ginning of his kingdom was Babel," which was Babylon, and in Micah 5:6 "the land of Nimrod" is mentioned as being in the "entrances" of Assyria. Although these references to Nimrod are undoubtedly derived from some ancient Babylonian saga, and many attempts have been made to identify him with various, bistorical or legand. him with various historical or legend-ary personages known through other sources, no equivalent of the name has ever been found on any of the cuneiform records excavated in Assyria. Bible scholars are not agreed as to just what is meant by Nimrod's being "a mighty hunter before the Lord." Some commentators accept Lord." Some commentators accept this description in the literal sense of one who hunts animals. But "gibbor," the Hebrew word translated hunter in the Scriptures, also means hero, and therefore some authorities interpret the phrase as signifying simply that Nimrod was a great warrior. At any rate Nimrod has become the romantic name for any hunter.—Pathfinder Magazine,

Women Forbidden Use

of Seductive Perfumes

Today when perfume manufacturers boldly advertise the sense-exciting qualities in certain perfumes, it is interesting to note that in England in 1770 a law was passed prohibiting cosmetic allurements. As recalled in the American Druggist, it reads: "All women, of whatever rank, profession or degree, whether virgins, maids, or widows, that shall from and after such act, impose upon, seduce or be-tray into matrimony, any of his majesty's subjects by scents, paints, cos-metic washes, artificial teeth, false hair, Spanish wool, iron stays, hoops, high-heeled shoes and bolstered hips."

Watching a Waterspout

The British steamship Oronsay, while in the Red sea bound for Suez, sighted six waterspouts within half an hour, two of which formed close to the ship. "Our attention," said an officer, was attracted to what at first glance would appear to be the commotion of a shoal of fish disporting themselves close to the surface. As it swept by, only 200 feet off our starboard side traveling in a southerly direction, we were able to notice the commotion caused by wind rushing round in a small area, the wavelets thus caused falling inward toward the center. When a few miles astern this became more dense, and developed into a large waterspout."

Complainers Forgotten

A hasty resurvey of American history fails to reveal the name of a single person who got a worthwhile place in the record because of whining and complaint. The people who are there won their places largely because they buckled down to business and to solid accomplishment and left the complaining, the doubting and hesitation to others. This nation was built on hardship. In good stretches of its later history, little else was known. The work was done not because of hard times, but in spite of them .- Kansas City Times

Old Washington Tradition

Old Washington Fradition
There is an old tradition, still belleved in what is now West Virginia,
that young George Washington went
into a frontier tavern, ordered a
drink, and paid for it with a coon skin, says an article in a Boston pa-He was given 158 rabbit skins as change. It looked like an awkward bundle to carry about, so Washington stood treat to all the tavern habitues until the skins were gone. Probably it is mere fiction. But it has persisted, like the earlier tale of the cherry tree and the little hatchet.—Detroit News.

Queer Frost Effects

thermometer high above them shows a temperature well above freezing, says the weather man. On still, cold nights when the air is calm, temperatures when the air is calm, temperatures may vary as much as 10 degrees with as 300 feet, although usually it is half a mile or more. Perhaps everyone has seen some evidence of this.—Kansas

Practical Woman

That woman is practical and man romantic may have a tang of paradox, but will strike many of us as an axiom, a long tradition to the contrary notwithstanding. Man is too often a fluttering, confused and scurrying creture, while woman is more likely to keep her head in those emergencies and that skating on thin financial ice which are the common lot .- New York

Man's Life
Years are merely the milestones that
mark the distance traveled on life's journey. Only to you do your years mean anything. All others measure the stature of your life by your accomplishments, your service, not by the pages torn off your calendar.—Grit.

Combat Crime And Depression By Music's Charm

Institute Closes Session At Lasell

"Music hath charms to combat crime and depression," said Osbourne McConathy, Director of the American Institute of Normal Methods, delivering the address at the closing exercises of the institute conducted by Lasell Junior College held at the Warren Junior High School, West Newton, on Wednesday.

"In these days of uncertainty and unrest," said Mr. McConathy, "for these folks to come together to study and discuss problems of presenting music to children in public schools proves them to be missionaries who believe there is something in music that will bring to the hearts of people of this country beauty and exaltation that they cannot get in any other way," said McConathy.

"Gangsters, crime and despondency will be combatted by music. We are reaping the sad truths of an overexpansion of materialism. We have thought ourselves driving toward the millennium, a bubble that burst. The American people demand truth and beauty."

The Institute was attended by

beauty."

The Institute was attended by teachers from 22 states. The festival was held in commemoration of the Bicentennial of Franz Josef Haydn and George Washington.

City Committee Plans Campaign

Compliment Cong. Luce Latter's Stand

A meeting of the Republican City Committee was held last night at West Newton at which the most important matter was a vote authorizing the sending of a letter to Congressman Robert Luce endorsing his recent announcement to support the Republican platform throughout, including that on prohibition.

With about thirty members present considerable discussion was held on the matter of registration of new voters for the primaries as well as for the national election in November. It is hoped that the committee will be able to maintain campaign headquarters at some convenient location in Newton or Newtonville.

LEGION AUXILIARY SCHOLAR-

LEGION AUXILIARY SCHOLAR-

SHIP

In accordance with rules accepted by the 1932 Department of Massachusetts convention of the American Legion Auxiliary, a scholarship is to be awarded annually to a child, not under 16 years of age whose father entered the military or naval service of the United States during the period from April 6, 1917 to and including November 11, 1918 and is now deceased or hereafter deceases, provided such child is a resident of Massachusetts at the time of and for five consecutive years next preceding the date of the award and who does not come under the provisions of chapter 263, Acts of 1939 Massachusetts which provides that the child receiving this assistance must be not under 16 years nor over 20 years of age, but stipulates that the father must have entered the service from Massachusetts and must have died between April 6, 1947 and July 2.

Any orphan eligible under the above

Any orphan eligible under the above provisions, wishing to apply for this scholarship and now residing in Newton should immediately notify Mrs. Francis E. Cannon, President American Legion Auxiliary, 156 Tremont street, Newton, Mass., in writing.

Seek Business Locations On New Turnpike

Petitions For Zone Changes Received by Aldermen

There is a strong demand for busi There is a strong demand for business locations on the new Boston and Worcester Turnpike. Two petitions for the establishment of business zones along what are now residential sections were heard by the Claims and Rules Committee of the Board of Aldermen on Wednesday night. Three similar petitions have been received previously, one of which has been rejected and two of which are still under consideration.

under consideration.

The new petitions were filed by Howard A. Eagles and Flora DeF. Pictariello. The Eagles petition asks for the change of 712 Boylston street and that below it to a business district. The Picarfello petition asks that the land at 804 Boylston street, corner of Walnut street, be changed from residential to a business zone. A third petition filed by J. V. Monaghan's sons asks that land 40 feet back of the store at 1545 Washington street, West Newton, be changed from the general residence to the business district. A public hearing will be held on the latter petition.

Badly Injured In Fall From Pole

Upper Falls Man Was Paint-

While engaged in painting the flagpole at the fire station at 990 Washington street, Newtonville, on Wednesday morning, Walter Tennant of 7 Summer street, Newton Upper Falls, fell and was badly injured. He was rendered first aid at the fire station and then rushed to the Newton Hospital where it was found that his back had been badly injured. At this writing he is in a plaster body jacket, but it has as yet been impossible to determine whether any of the bones of the spine were broken.

Tennant was working about 35 feet from the ground when the rope which suspended his seat broke. He made an unsuccessful attempt to grasp the pole and fell in front of a small crowd which had gathered to watch the process.

This is his second accident within its required, the board of health waste.

the process.

This is his second accident within the past eight weeks. After having been out of work for a long time, he secured a job doing some work about a home in Waban, where he fell from a third story scaffolding and badly injured his arm. He has a wife and four children ranging in ages from four to sixteen.

"When a curtailment of the budget is required, the board of health should bear in mind all these more important and necessary functions, and start out with the idea that these must be carried on no matter what else in discarded.

"I believe that one of the most important principles to bear in mind is that the trained personnel should be and four children ranging in ages from four to sixteen.

Road Building Provides Fuel

Trees and Railroad Ties To Be Given Needy

o conform II to the standards of the new Boston to Worcester state highnew Boston to Worcester state high-way and the removal of the old trolley tracks to make way for the new road surface on Washington street are to provide fuel for the poor of the city next winter. The trees removed and the ties are to be cut into stove wood size and distributed to the needy next winter. The 204 trees to be cut and the many thousands of ties should go far in bringing good cheer to needy homes.

Advocates Local System For All

Dr. Curtis Reads Health Paper

By special request of Dr. George H. Bigelow, State Commissioner of Public Health, a paper by Dr. George R. Curtis, chairman of the Newton Board of Health, was read before the meeting of the Association of the Massachusetts Boards of Health at Worcester on Wednesday, as Dr. Curtis was unable to be present. Dr. Curtis advocated for all boards of health the plan which has been in practice in Newton for years of limiting his department to responsibilities strictly in the health field and leaving such work as garbage collection and the inspection of plumbing to the buildings and street departments, where they belong. Dr. Curtis' paper was in part as follows:

"A question which confronts every

"A question which confronts every health officer at the present time is how he shall meet the reduction in his budget due to the present economic depression and at the same time keep up the efficiency of his department. It seems to the writer that there are certain principles which should be followed in trying to solve this question, which are applicable to all health departments.

"I believe that one of the most important principles to bear in mind is that the trained personnel should be retained, even though salaries must be somewhat reduced, as the familiarity of the regular staff with the routine of the work is indispensable to efficiency until better times shall have returned and their services will still be available.

be available.

"All cases of tuberculosis under the care of a department should be carefully studied from every angle, and only those who are an actual menace to those with whom they live should be hospitalized, as many cases can be given milk and eggs at home and much more economically cared for than in a hospital.
"On the other hand, it would be the

be hospitalized, as many cases can be given milk and eggs at home and much more economically cared for than in a hospital.

"On the other hand, it would be the height of folly to refuse to hospitalize a case of hilum tuberculosis, only to have the case progress within a few years to a case of pulmonary tuberculosis which would become a permanent charge upon the community. "If the activities which do not properly belong under the board of health are eliminated, a marked economy will result from better departmental organization, without loss to any important activity. Such changes will also esult in more and better work by the taffs now employed.

"If one result of the curtailment of the curtailment of the such as a marked economy will also esult in more and better work by the taffs now employed.

Asks For New Traffic Signals

Massachusetts Chief Randlett Wants Control At Highlands

Chief Randlett of the Newton Fire Department has asked Mayor Weeks to recommend appropriations for a better system of traffic control for fire apparatus. He wants a control switch installed which will enable the firemen at the Newton Highlands station to turn on red lights at Hartford and Boylston streets to clear traffic for fire apparatus. He estimates the needed appropriation to be \$1778.

Chief Randlett also asks an appropriation of \$4130 for the changing of traffic lights on Boylston street necessitated by widening the street in the construction of the new Boston and Worcester turnpike. The boxes to be installed are to be located at the in-

installed are to be located at the in-tersections of Boylston street with Chestnut street, Lucille place, Beacon place, Elliott street, Hartford street, Centre street, Wainut street, Walnut Hill road, Parker sireet and Dudley street. The matter will probably come up at the next meeting of the street. The matter will probably come up at the next meeting of the Board of Aldermen.

Jewel Burglary At West Newton

Thieves Frightened Away by Owner's Return

Burglars entered the home of William F. Lowell of Fuller street, West Newton, and stole a watch and chain and a silver dollar last week. The theft was discovered by Mr. Lowell last Friday evening when he came up from his summer home at Pocasset to from his summer home at Pocasset to see if all was well. The thieves has gained entrance by forcing a window, and the facts indicated that they had been frightened away while gathering their loot, as they had left the silver-ware. Mr. Lowell has been employed as sales manager at the Saco-Lowell shops at Newton Upper Falls. The thieves have not as yet been appre-

CLAIMS FILED AGAINST CITY

Two claims have been filed against the city of Newton by victims of au-tomobile accidents in which city cars

tomobile accidents in which city cars were involved.

Alexander Cook of 21 Goddard St., Newton Highlands, seeks compensation in behalf of his son, Arthur, who do was knocked off his bicycle on the afternoon of July 14 in a collision with a city surveyor's car. The automobile was operated by Carleton R. Sypken of 189 Linden street, Everett, according to the claim. Cook stated that the bicycle was valued at \$25.

Paul R. Reardon of 4 Jewett street, Watertown, has filed a claim for damages caused to his automobile when a water department truck backed into it on July 12 at Washington and Hovey streets.

RED CROSS LIFE-SAVING

Savers have passed the necessary test and are now ably prepared to assist in case of drowning accidents. The

nt activity. Such changes will also sull in more and better work by the affs now employed.
"If one result of the curtailment of pense made necessary by the prest economic situation should be the bughing off of these old illogical activities of boards of health, and their termanent removal to other departements, then at least, so far as boards we concerned, these lean years will the accomplished some good."

QUESTIONS FOR THE VOTER

The following questionnaire was recently printed in the Bulletin of The Women's Republican Club of Massachusetts, having been compiled by Mrs. Leslie B. Ctler, Director of the Political Department. It is a very inclusive and searching list of questions on state and local office holders, and has caused favorable comment and many enquiries as to correct answers. How many can you answer?

Who is the Governor of Massachusetts?
Who is the Lieutenant Governor?
Who is the Secretary of State?
Who is the State Treasurer?
Who is the State Auditor?
Who is the Attorney-General?
Who are the two Senators in Congress from Massachusetts? To what party does each belong?
What is your Congressional District now? What next fall?
Who is your Congressman now?

next fall?

9. Who is your Congressman now?

10. What is your Councillor District? Who is your Councillor?

11. What is your Senatorial District? Who is your State Senator?

2. Who is your sleeted member of the State Committee?

Senator?
Who is your elected member of the State Committee?
What is your Representative District? Who is your Representative?
Who is your District Attorney?
How many counties are there in the State?
What county do you live in?
Who are your County Commissioners?
Who is your County Treasurer?
Who is the Sheriff of your County?
Who is your Registrar of Probate and Insolvency?

Speaks On The Accomplishments Of Legislature

Rotary Club

Representative William B. Baker of test Newton spoke on "The Accommishments of the Last Session of the Legislature" at the regular meeting of the Newton Rotary Club on Mon day at the Woodland Golf Club. As a member of the Ways and Means Com mittee and the Recess Committee studying public expenditures Mr. Baker discussed many problems of in

terest.

He referred to the greater intere being taken by the public in government and the forming of various of ganizations with such objectives an

to the difference in attitudes in the legislature in 1932 from 1931. In 1931, in the depresson had not been felt as a severely and the program offered by Governor Ely called for the increase of omoney for public works as a panaca for unemployment. In 1932 the attitude was considerably changed to one of economy and only bills calling for appropriations that were necessary were enacted.

Representative Baker mentioned some of the more important bills that came up for consideration, some of which were enacted and others which failed to pass. Among the formation of a central savings bank and a central co-operative bank the purpose of which enabled the forming of pools through which the stronger banks aided the weaker banks in troublous times. He also spoke of the chain store tax bills, uniform milk inspection bill, and capital punishment measures. He spoke of the passes of accidents where property damage is caused and not settled and which becomes effective in the early damage is caused and not settled and which becomes effective in the early fall. This bill, he spoke of the passes of accidents where property damage is caused and not settled and which becomes effective in the early fall. This bill, he stated, should be stronger of cases where personal injuries are elaimed when the party causing the elaimed when the party causing the formation of approximation papers. The approximation of approximation papers. The approximation of approximation of a responsible for any person desiring to become a candidate to do so by obtaining the required number of signatures to nomination papers. The approximation of approximation of a proposal on the baillot. It will still be possible for any person desiring to become a candidate to do so by obtaining the required number of signatures to now and five year period. In the past ten years with a substant of the cand

was passed before the legislature prorogues a recess committee was appointed to find ways of cutting expenses of the cities, towns, counties, etc. The state and municipalities find themselves in a similar condition as business. In the past few years the sky was the limit and we have been having most everything we wanted and much was undertaken that perhaps should not have been. It is now difficult to get down off the level. There are ways in which the state can reduce some expenses through the elimination or reduction of various schools, commissions and boards.

No Decision Is Reached As Yet On Pond P'kway

Alternate Route

Alternate Route

The action of the Metropolitan District Commission in advertising last Saturday for bids on that section of the Hammond Pond Parkway which will extend from the junction of Hammond Pond Parkway which will carry it to Beacon street, skirting the shore of Hammond's Pond as the next link in the parkway which will carry it to Beacon street, Newton Centre. The GRAPHIC was in communication this morning with the office of the Metropolitan District Commission and was informed that no decision has been made, as yet, regarding the route to be followed by the parkway though Hammond's Woods. The Commission has not changed from its decision, made several years ago, to build the parkway close to one shore of the pond and thence over land acquired from Edwin S. Webster to a point on Beacon street, near Hobart road. This iroute is the one approved by the Planning Board of the City of Newton. A few months ago a group of resident on the construction of the parkway through it has not construction of the parkway which will carry the proposed route, protested justice to the south of the pond and thence over land acquired from Edwin S. Webster to a point on Beacon street, near Hobart road. This iroute is the one approved by the Planning Board of the City of Newton. A few months ago a group of resident on the construction of the parkway completed the point of the pond on the construction of the parkway through the point of the pond on the construction of the parkway through the point of the pond on the construction of the parkway through the point of the pond on the construction of the parkway through the point of the pond on the construction of the pond on the constructio

Judge W. Lloyd Allen of the Newton District Court on Saturday ruled that the absence of curbing does not permit the parking of automobiles on the sidewalk, when he imposed a fine of \$5 on Miss Celeste Callaghan of Ridge avenue. Newton Centre. Officer Alfred W. Hammell charged her with parking her car so as to obstruct foot traffic. Her defense was that because there was no curbing it was impossible for her to determine where the street ended and the sidewalk began.

Municipal expenses are more of a local job although some burden is placed upon them by state laws relating to schools, health, welfare, etc. Most cities and towns do more than the law requires in some instances and in Newton the speaker cited the fact that school is kept open about two weeks longer than the state specifies and Newton is also one of the few places where public kindergartens are maintained. Mr. Baker stated that public welfare expenses jumped from \$4,800.00 in 1928 to nearly \$24,000.000 this year. He added that he did not believe we had reached the point where we were ready to let the people go hungry. But we must face facts and prepare for some strenuous months ahead. He cited the possibility of a special session of the legislature being called to enact relief measures if conditions become more serious. There is little use in raising money by taxation just to pass around. Such a move would be no more than pouring money into a sieve. Municipal credit must be strengthened. One plan which is receiving favorable comment permits the state to pay the difference between the amount the municipality can pay and what is needed. Mr. Baker gave the opinion that six months or a year was too short a time for such a type of loan and that a term of four or five years would be more desirable and enable those cities and towns that were in trouble to remedy the situation.

Subscribe to the matter give still hough and in carrying out this Mr. Luce wishes to share. Meanwhile he will seek some weeks of rest. The recent session, he says, was far the will seek some weeks of rest. The recent session, he says, was far the will seek some weeks of rest. The recent session, he says, was far the will should be legislative experience. To him it was all the more of a strain because of the task of perfecting and putting through the House the Home Loan the legislative experience. Mind's Relaxation Well

Understood by Apostle That the partridge, one of the most timid and least confiding of birds, may be tamed is shown by a story told of the Apostle St. John the Divine, who the Apostle St. John the Divine, who in his old age was the bishop of Ephesus in succession to Timothy. Although generally active in the prosecution of his Divine Master's business he was amusing himself by playing with a tamed and petted partridge, when a huntsman passed by. How could so holy and privileged a man so waste the precious time? he queried. "What is that in your hand?" inquired the apostle. "By profession I am a "What is that in your hand?" inquired the apostle. "By profession I am a hunter, and that is the bow I use with my arrows in the chase." he made reply. "But if that is a bow, it is all unstrung, and unfit for use," said St. John. "Yes it is unstrung," returned the sportsman. "for if it was always strung it would lose power and become useless. To be in good order, it must ever be unstrung, when not actually being used." "Just so," quietly remarked the wise old man, "and in like manner must the mind of man be released and unstrung sometimes if it is to be always fit for my Master's use." And as the huntsman thought. use." And as the huntsman thought-fully pursued his way, St. John turned again to amuse himself, and rest his mind, by playing with his partridge.— Montreal Family Herald.

Hotels Long Centers of Public Life in America

After the Revolution that made us a nation, the life of American cities was for more than a century and a quarter publicly centered and vividly reflected in the essentially democratic institution called the hotel. The club, an Eighteenth-century aristocratic outgrowth of exclusive use by superior persons of the private parlor of the tavern, smacking, therefore, of priv-llege, had to wait till the 1830s or so for a serious revival. The hotel— which succeeded the tavern—became every citizen's club.

every citizen's club.

In a little city there was one hotel, says a writer in the New York Times.

Every visitor must come to it and every really live inhabitant must drop

ery really live inhabitant must drop around to look the stranger over. In a bigger city there might be several hotels. But usually one hotel was the hub of community activity in any city. From decade to decade it was apt to be a different hotel as progress, fashion and favor determined. Nevertheless, at any given period, when you said Boston or Baltimore or New Orleans, or, later, Chicago, St. Louis or San Francisco, the name of a particular hotel popped into the mind of every traveler or informed person.

Eskimo History

The Eskimos seldom are thought of today as a people who once dwelt in the interior, far from the sea. Yet that was their earlier history. They were, as archeological investigation seems to have established, part of the offshoot of the earlier minorial and the control of the offshoot of the earlier minorial and the control of the cont were, as archeological investigation seems to have established, part of the offshoot of the earlier migration from Asia; and they established themselves in the forests north of Lake Superior where they dwelt, apparently for a considerable period.

considerable period.

For some reason—whether because of pressure from more vigorous tribes to southward or because of an incurable nomadic instinct—the Eskimos began at last to push northward till they reached the verge of the Arctic. They spread over the coasts and the adjacent islands. Some of them fil-tered back over the straits into sub-Arctic Siberia. Others passed toward Greenland, where, nine centuries ago, they met the Norsemen.—Boston Post.

A unique carpet, stained with the blood of the murdered Russian czar, Paul I, has been added to the Museum of Applied Arts in Leipzig. In 1782, the carpet was presented by the French king, Louis XVI, to Paul of Russia, who was then crown prince. Paul succeeded his mother, Catherine the Great, to the throne in 1796. His short rule was marked by various oppressive measures taken against the Russian peasants. Thousands of free peasants were made serfs and given away to his favorite courtiers. A palace conspiracy put an end to his reign and life. When he was assassinated the carpet now acquired by the A unique carpet, stained with the blood of the murdered Russian czar, Paul I, has been added to the Museum of Applied Arts in Leipzig. various reasons, mainly because it is easier to push one wheel than two, there being less friction—or less resistance. A barrow requires no back wheel because the place of back, wheels is taken when at rest by wooden legs, and when in motion by human legs. Likewise, it does not require two wheels in front for balancing purposes as the levs keen it straight. poses, as the legs keep it straight.
Therefore, two wheels in front would simply make it more difficult to push and much more difficult to tip over.
The single wheel is really a very clever contrivance.

Modern Gabriel's Horn British scientists have developed a device which will multiply the sound of the human voice 3,000,000 times. or the human voice 3,000,000 times. One of the uses to which it will be put will be to warn, exhort or frighten British subjects who threaten to become unruly. Used from an airplane, it is easy to understand what this "thundering voice from the sky" would mean to the superstitious. Speaking in Arabic, it might pretend to come from Mohammed himself, in Chinese from Confucius, or in Hindu from Brahma.

Word "Daughter" Traced

Back to Sanscrit Root
Perhaps the most curious of the
family words is daughter. In old English the "gh" was sounded rather like
the "ch" in the Scottish loch. The
root of the word is doch or duch; the
"ter" signifies, just as it does in pater
and mater, a doer of things.

The word's history runs back
through old English, German, Greek
and Sanscrit to duhltar. The "h" in
this last word is a peculiar one, for it
was pronounced almost like the "ch"
just mentioned. But duhltar does not
mean just a female child. It means Back to Sanscrit Root

mean just a female child. It means a milkmaid. Our early ancestors were a farming people, and when a girl baby arrived they said, "Here's another lit-

the milkmaid."

There are many other words of ancient lineage used every day. Mill is a word that, after countless centuries of use, is still going as strongly as ever. Beef, market, dome, car, day, night, queen, sit and stand—all these have pedigrees so long that they go back thousands of years beyond the oldest of the pyramids—London Tit. oldest of the pyramids.-London Tit-

Genius as Understood

by Old English Writer

By genius I would understand that power, or rather those powers of the mind, which are capable of penetrating into all things within our reach and knowledge, and of distinguishing their essential differences. These are no other than invention and judgment; and they are both called by the col-lective name of genius, as they are of those gifts of nature which we bring those gifts of nature which we bring with us into the world; concerning each of which, many seem to have fallen into very great errors; for by invention, I believe, is generally understood a creative faculty, which would indeed prove most romance writers to have the highest pretentions to it; whereas by invention is really meant no more, and so the word signifies, than discovery, or finding out: nifies, than discovery, or finding out; or, to explain it at large, a quick and sagacious penetration into the true essence of all the objects of our contemplation.—Henry Fielding.

Washington's Inventions

George Washington granted the first of the 1,800,000 American patents that have marked the inventive progress of the United States, according to H. H. Dyke, of New York.
On April 10, 1790, President Wash-

On April 10, 1790, President Washington signed the original patent statute. In July Thomas Jefferson, Gen. Henry Knox and Edmond Randolph, sitting in solemn conclave, acknowledged the merit of the first application. On July 31, Washington signed United States patent No. 1, granting exclusive rights to one Samuel Hopkins on a new method for making not and pearl ashes. ing pot and pearl ashes.

Washington was the inventor of several improvements in the design of plows and also of the dinner caster, forerunner of the present day table device which holds small botttles or cruets.-Detroit News.

It seems like a long way from the morning glory to the sweet potato, yet these two plants are related. They both belong to the family of plants known as the convolvulus, to which also belong the bane of all farmers, the bindweed. The wild morning glory is far hardier than the cultivated types and stays in bloom longer. It even blooms at night when the moon is bright and is much favored by moths when open at night.

The wild type is sometimes called hedge-bindweed and also ladies' night It is found as far south as North Carolina and as far west as Nebraska. Its blooming period lasts from June to

Soap Manufacture

The manufacture of all types of soaps in this country amounts yearly to \$325,000,000 worth of goods and there are 2,100 manufacturing organizations in this field. The total produczations in this field. The total production is divided as follows: Hard soap (not including granulated and powdered soaps), 2,188,613,984 pounds; granulated and powdered soaps, 288,409,786 pounds; soap powders (including commodities reported as cleansing powders, washing powders, etc.), 452,723,389 pounds; liquid soap, 20,851,475 pounds; soft soap, 63,741,783 pounds; paste soap, 41,770,425 pounds; besides special soap articles and soap stock or soap base.

English Church Laws

There is an ecclesiastical court in England to which are submitted all matters pertaining to church law, also matters in which the church might be either a plaintiff or defendant. This court also regulates the issuance of marriage licenses and other matters of church discipline. enurch discipline. Actually the ec-clesiastical law of England is depend-ent upon the authority of the state, and ecclesiastical courts for the most part are officered by laymen, whose subordination to archbishops and bishops is purely formal. The final court of ap-peal on ecclesiastical matters is the judicial committee of the privy council of the nation.

Live Each Day

Each day is a complete entity in our lives, with its opportunities, and its balance sheet. The person who doesn't do his best today has no yesterdays worth mentioning. And his tomorrows hold out little hope for himself or thers.—Grit.

Police News

Lieut. George C. Habberle, U. S. N., was arrested early Monday morning on the charge of driving an automo-bile while under the influence of li-

on the charge of driving an automobile while under the influence of liquor. He was taken under custody by officers Robert Turner and John E. Greene on Beacon street, near Hammond. In court he told the judge that he was attached to the U.S.S. Salines, and asked that his case might be disposed of at once in order that he might return to his ship. A fine of \$100 was imposed, which he paid immediately.

On Tuesday Alex Seroda of Newton Upper Falls celebrated the anniversary of having climbed on the water wagon and having stayed there for a whole year by getting drunk and in consequence being arrested and placed on probation under suspended sentence of 30 days in the house of correction. He was arrested by Patrolman James Conniff and arraigned in the Newton district court where in consideration of his having been straight for an entire year he was given the suspended sentence.

On Tuesday Judge William F. Bacon in the Newton District Court ordered that William F. Pay of Crescent street, Auburndale, be committed to Westboro State Hospital for observation. Fay was arrested on two counts of breaking and entering and larceny and one count of attempting to break and enter. He was also

counts of breaking and entering and larceny and one count of attempting to break and enter. He was also charged with operating an automobile without proper lights. The case of Fay and his accomplice, John L. Buchanan of Washington street, West Newton, was continued until Septem

On Tuesday evening Camp Hubbard,

Newton, was continued until september 1.

On Tuesday evening Camp Hubbard, the Boy Scout camp on Pine street, Newton Lower Falls, was broken into, either by intended burglars or by boys on depredation. No serious thefts or injury to the property have been discovered. The culprits have not yet been located.

Timothy McCarthy of Roslindale a hosiery salesman, was charged with the larceny of \$22.12 of Mrs. Virginia Batchelder of Washington Park, Newtonville. Mrs. Margaret T. Day of Shornecliffe road, Newton, was another complainant against McCarthy. Both women testified in the Newton District Court that the goods received from McCarthy were inferior to those ordered and paid for, which they supposed were to be real silk goods. McCarthy testified in his own behalf that he was not an agent for the Real Silk Hosiery people exclusively, and that they knew that he handled other lines. Judge Brown imposed a sentence of three months in the house of correction and McCarthy appealed.

On Thursday in the Newton District Court Harold P. Bellfatte of Natick was fined \$5 for attempting to beat a traffic light. Thomas B. Lilly of River street, Waltham was fined \$10 for driving after his license had expired and \$5 for driving without proper lights. Stephen Hopkins was fined \$20 for failing to stop on signal from an officer and was given until Aug. 2 to pay. Several were also fined at this session for speeding.

til Aug. 2 to pay. Several were a fined at this session for speeding.

AUTO ACCIDENTS

Last Friday a truck owned by J. J. Matthews of Newton and operated by Anthony Thomas, also of Newton, collided with a trolley car on Arsenal street, Watertown. The truck and the trolley car came together in a side crash which broke several windows of the car and damaged the truck quite badly. As the trolley car was nearly empty, no one was injured by flying glass and the driver of the truck escaped injury. The force of the impact was considerably lessened under that which threatened because both drivers saw the approaching crash drivers saw the approaching crash and reduced speed.

Arthur W. Milligan of Marblehead Arthur W. Milligan of Marbienead was injured on Tuesday morning when his car collided with a large truck at College road and Hammond street. Chestnut Hill. The injured man was treated at the office of Dr. George L. West of Newton Centre. The truck was operated by Angelo DiRienzo of Hyde Park and is owned by Nicholas of Milton.

ALDERMEN TO HEAR PETITIONS FOR NEW STREETS

Public hearings will be held at the meeting of the Newton Board of Aldermen next Monday evening on two petitions for the construction of streets on West Newton Hill.

One of the petitions seeks the laying out, grading and acceptance of Bonad road, 350 feet westerly from Valentine street to Valentine street, for a width of forty feet, under the betterment law.

The signers of the petition are Elizabeth A. Haynes, 26 Greylock road, Newtonville; Oscar E. Randin, 150 Webster street, Arlington; Martha Randin, 150 Webster street, Arlington; C. P. Bonin, 73 Bonad road, and Marjorie C. Kemble, 63 Bonad road.

The other petition is that of Eliza The other petition is that of Elizabeth A. Haynes for the laying out, grading and acceptance of Howland road, from Colbert road to Valentine street, under the general law, whereby the work is carried out by the abutters rather than the city.

ENROLLED IN STATE COURSES

BEGINNING THE RIGHT WAY

Perhaps you noticed groups of children gathered at street intersections in various parts of the city this week and commenting to the adult in charge of them on the methods employed by the drivers of the automobiles that approached the intersections. These groups were receiving instructions as to safety rules under the safety campaign being conducted by the playgrounds in co-operation with the Massachusetts Safety Council. This driver slowed down but did not blow his horn; that driver cut the corner too close; another driver stopped to allow one of the shidney to safety and one of the shidney to safety allow one of the shidney to safety and safetr a long illness at the age of 65.

Mr. Holmes was born in Orange, and began his banking career in that part beautiful to safe the safety and began his banking career in that page of the sasociation.

With keen eyes fastened upon the automobile drivers in order to detect the slightest possibility of causing an accident such instruction cannot help impress upon the youthful minds the safe and proper way to drive. When these youngsters grow to the age where they will be operating an automobile we have no fear but what they will instinctively practice what they have learned. It is beginning in the right way and we wsh it were possible for every child to have such instruction. As to the drivers of automobiles the principle of the golden rule may be well applied—"drive as you would have others drive"—and there will be fewer accidents.

UNITED WE STAND

The announcement by Congressman Robert Luce to the effect that he will waive his personal views of prohibition and support the Republican party plank is one of great interest to every thinking voter of the district. As we have commented in the past the entire question of prohibition, lke other moral and social problems, can never be a political issue between the two major parties as long as adherents of each hold decidedly different onings on the 18th Amondment. The that driver cut the corner too close; another driver stopped to allow one of the children to cross the streeet safely; and still another driver might have gone racing by with little attention to the fact that a pedestrian might have stepped down off the curbing to cross. With keen eyes fastened upon the automobile drivers in order to detect the slightest possibility of causing an accident such instruction cannot help

and social problems, can never be a political issue between the two major parties as long as adherents of each hold de-cidedly different opinions on the 18th Amendment. The session of Congress which ended recently has convinced many wavering Republicans that a continuation of the leadership of President Hoover is the wisest and best course. The certain way to accomplish this purpose is to set aside one's personal views on minor opinions of party policies and pull together for the same cause. United, the Republican party will stand the coming test. Divided it may fall.

A LOCAL JOB

Talking to the Rotarians this week Rep. Baker stated that the problem being faced by those cities and towns in financial difficulty was largely a local task with the state helping out when necessity demands. Newton has been able to meet the situation in excellent fashion but placing its position in jeopardy by imposing upon it too great a share of the burden the State may be forced to carry is something which should be zealously guarded by Newton's representatives. As a candidate for Representative at the coming primaries, and if elected, we shall endeavor to prevent such an occurrence.

DO YOU KNOW?

Elsewhere in this issue we print a questionnaire for the voter which was recently printed in the bulletin of the Women's Republican Club of Massachusetts that has caused favorable comment and many enquiries as to the correct answers. The average voter usually takes but little interest in the ballot beyond the head of the ticket and we wonder how many Newton citizens can answer the list of questions.

Over 50 Years Old—

AND HIS INCOME CUT IN HALF

AND HIS INCOME CUT IN HALF

It is not pleasant to find that your income is shrinking and to realize that future income must depend upon capricious conditions over which you personally have no control. Yet that is what thousands of people are facing at this period. If funds are reinvested, there is still the "business man's chance" that the new investments will not be satisfactory—so uncertain are these times.

Annuities on the other hand are investments which GUARANTEE A LIFE INCOME. They are the answer for those thinking men and women who MUST maintain their standard of living and to whom a guaranteed income will mean continued happiness, self-esteem, and freedom from financial worry.

How the Annuity—and there are as many kinds as there are human needs—can be purchased as part of an investment program is not generally understood. From my 25 years of experience as Annuity Specialist, I have recently prepared and copyrighted two leaflets which, in simple words, explain the purpose of the Annuity as a SAFE, certain investment, I suggest you write or Telephone. There will be no obligation on your part. The booklets will be mailed to you.

No Knowledge of First English Poet Laureate

ated during the reign of Edward IV (1461-1483), though earlier than this date, during the reign of Henry III (1216-1272), there was a king's poet who was paid 100 shillings a year. Geoffrey Chaucer, who lived from 1328 to 1400, assumed the title of poet laureate, and in 1389 received a royal grant of a yearly allowance of wine. But the first poet laureate in the modern sense was Edmund Spenser, who was granted a pension of £50 by Queen Elizabeth in 1591. Ben Jonson was the first to receive the office by formal etters-patent.

The appellation is derived from a custom of the English universities which continued until 1512, of pre-senting a laurel leaf to graduates in rhetoric and versification—the "King's Laureate" being a graduate rhetorician in the service of the king. It was for-merly the duty of the poet laureate to write an ode on the birthday of the king, but this custom was discontinued in the reign of George III.

Maoris Firm in Belief

That "Tiki" Brings Luck Although the Maoris are becoming civilized to an extent where they can send intelligent representatives to the New Zealand parliament, they never-theless cling religiously to the greenstone charm called "tiki," which the superstitiously believe will ward off all evil. The stone is of small value, so it is an easy matter for even the poor-

est to provide themselves with it. They usually cut it into grotesque figures, or heads, with eyes boldly and the tongue sticking out in defi-ance, or derision, the idea being to ance, or derision, the idea being to frighten away anything that might be harmful. The women wear these charms on chains around their necks,

Like other South sea islanders, the Maoris believe in the tapu, or tabu.
They are taught not to touch the things that are forbidden, and if the tapu is broken the transgressor suffers great agony of mind. Some have died in agony after learning that they had eaten some food that was forbidden.

Where Rhine Is "Lost"

The mighty Rhine river, flowing through half of Europe, is camouflaged when it reaches Holland. The travel er need not ask, when in Holland, where is the Rhine? Not even the na-

The river branches into many out lets when it reaches Dutch soil, and each outlet has been given an indi-vidual name, the Dutch being careful to avoid the use of "Rhine."

The Waal is part of the Rhine, unit ing the Maas, which is known in its southern course as the Meuse, and then on its way to the North sea is neither the Rhine nor the Waal but the Maas.

"Romantic" Writers

Against the rather cold rationalism of the Eighteenth century there set in a reaction which emphasized the emotional side of life. It went in for poetry, and the beauties of nature, and rather idealized the past, particularly the Middle ages. In Germany, some of Goethe's earlier work was romantic in tone. In England, Coleridge, Words worth, Byron, Shelley, Keats and Sir Walter Scott, and in France, Victor Hugo, belong in general to the same tradition. So do most of the American writers of the earlier Nineteenth century, like Cooper, Hawthorne, Po

House of the Dead

In the Chinese cemetery at Panama, strange building has been erected. Although modern in construction, it is designed after ancient Chinese architecture, preserving the oriental lines of decoration. The building contains 150 separate compartments for coffins The Chinese who die in Panama au "buried" temporarily in this building. When all of the vaults are occupied a ship is chartered and the 150 coffins are shipped back to China. ing to the religious belief of the Ch nese, the soul will not gain immortal ity unless the body is buried in Chi-nese soil.

We have always been afraid of nurses with their professional austerity, for they do so many things we do not understand. Here is the most pressing question we failed to ask: "Why is it that one has to be awakened at 6:15 in the morning to have his hands and face washed when he his hands and face washed when he is going to be given a bath anyway at 7:15?" It is a most annoying or-deal, but when a nurse says "Wash your face and hands," we wash. Nurses are so much like superior officers .- Concord Monitor.

White House's Gold Piano

The gold piano in the East room of the White House cost \$15,000. A plate attached to the instrument bears the following inscription: "This piano was made for and presented to the United States government, Theodore Roosevelt being President, Incodore Roosevelt being President, January, 1903, by Steinway and Sons. R. M. and J. H. Hunt, designers of the case. Decorations painted by Thomas W. Deming. Advisory committee, Edwin H. Blatchfield, Thomas W. Deming. Frederick Howes, Richard M. Hunt and J. Burr Tiffany."

Peculiar Formation of

Tasmanian Apple Tree though were the American asked to identify the fruit by the manner in which it grows he would find it diffi-

feet high. They are trimmed every year and only the stump is permitted to remain. Sprouts grow from the stump and the apples do not hang from the limbs as here. The blossoms bloom from the body of the limb, which is covered with the state. is covered with apples, once fittingly described thus: "Apples grow from the limb as freckles on an arm."

Apple growing is a considerable industry in Tasmania, upward of 3,500,000 bushels a year being shipped. The earth is especially suitable for the growth of the fruit, which thrives as

no other would there. Large orchards dot the sides of the rocky hills. The trees grow bushy and as many as twenty bushels of apples often can be picked from one. Fruit growers with ten acres of apple land in south-ern Tasmania earn a comfortable year-

Old Roman Water-Organ

Unearthed in Budapest The present city of Budapest stands on the exact site of the old Roman city Acquincum. In recent excavations in the northern part of Buda many inter-esting remains of this old city have been brought to the surface.

According to descriptions from the old Roman authors the water-organ was the largest of Roman musical instruments. It was known only from the literature of this period, as up to the present day not one had actually been found. Recent excavations have been most successful in producing a very fine example of the water-organ.

It is hoped that with the help of the notes from Heron and Vitruvius the reconstruction of this ancient instrument can be carried out success

fully. This water-organ has proved to be the property of a college and probably was built in 228 A. D. The The names of Modestus and Probus are in scribed on a bronze plate as of those exercising power that year.

Poison Danced Away

Poison Danced Away
The tarantula, commonly associated with stalks of bananas, is in reality any large running spider of the warm countries. The true tarantula is a native of southern Europe, principally in Italy. Because of its prevalence in Taranto, Italy, its name became associated with the city.

The tarantula does not build a web,

The tarantula does not build a web. but lives rather in a nest of holes or under rocks, nests which it lines with a silklike material.

It lies in wait for its prev, and as an unsuspecting bit of animated food goes by, the spider rushes out and seizes it. It was believed at one time that its bite would bring on a certain type of epilepsy unless the victim of the bite danced to a particular type of music

Oil-Burning Development

Oil has been used for fuel and for heating from a very early period, but the mechanical development of the oil burner dates from the middle of the Nineteenth century; its widespread use in the United States from about the year 1922. Public interest was attracted to the possibility of oil burning with a very considerable increase in the oil production of California and Texas about 1900. Small burners were soon produced and larger ones for power and heat. The first attempts at commercial oil burning were crude. They were followed by natural-draught vaporizing burners, and a later development was the mechanical-draught automatic burner, the foundation of

Proposed New Language

Anglic is an international language proposed by Prof. R. E. Zachrisson in 1930. it is based on an analysis of all English words in general use, without adding new letters to the alphabet at the same time keeping the continuity with the conventional English orthog-raphy. It embraces the most common of the existing spelling variants, introducing at the same time a few u, dh, zh-which have to do the duty of new letters. Anglic has 50 letters or letter combinations to represent the 40-odd sounds that occur in English words in current use

In Germany there is no standard of pronunciation that is acknowledged and absolutely followed by the mass of intelligent people. The so-called stand-ard of some people is the pronunciation of the stage, which, again is divided into the pronunciation of tragedy and comedy. In the latter, of course, is heard the more natural pronunciation of everyday life. The sectional differ-ences are very marked, but in general there is a North German and a South German pronunciation.

First "Ironclad"?

Yi Soon Sin is believed to have invented the first ship of ironclad type. In the Sixteenth century he built a ship of war sheathed completely in metal for the Korean navy, enabling the Koreans to defeat the Japanese in a great sea fight. Yi's ironclad was built to resemble a dragon, the figure-head on the prow being the dragon's head, breathing fire.

Pilgrims Ascend Mount St. Patrick Made Famous

One of the most unusual of all pil-grimages is that made annually to the mountain-top shrine of St. Patrick on the high, bare, cone-shaped mountain which bears his name and which overlooks Clew bay, County Mayo, on the west coast of Ireland.

According to tradition it was from this mountain that St. Patrick drove all the serpents from Ireland into the

The pilgrimage up the side of the holy mountain, where St. Patrick spent the 40 days of Lent in penance, fast-ing and prayer, 1.500 years ago, begins on Saturday evening any time be tween six o'clock and midnight.

Torchlights are carried by many to light the way and guard against precipitous falls. Often the crowd breaks into a hymn to make the walking eas ier or to help them to forget the diffi-culty of trudging over stony paths. For the climb up the last 200 yards before reaching the summit the pilgrims remove their shoes and finish the journey barefooted. Many of the

more religious make the entire climb without foot protection.

St. Patrick was seventy years old when he first climbed the mountain. Now many a pilgrim of the same age makes the journey, taking a keen pride in this imitation of a part of the rigid Lenten penance of the patron saint of Ireland.

Devil Worshipers Must

Not Mention His Name strange tribe of Yezidi "devil wor shipers" has been discovered in the mountains of Iraq by Dr. Edmund A. Walsh, vice president of the Georgetown university.

"This tribe." he said, "worships the

evil spirit under the name of 'Melek Taus' symbolized by a bronze pea-cock, before which they offer incense, sing, dance and prostrate themselves. Their history goes back at least to the

Seventh century.
"Their beliefs are contained in two sacred books which are preserved se-cretly somewhere in the mountains the Book of Revelation and the Black

"The Book of Revelation, which no foreigner has ever seen or been al-lowed to read, purports to contain the personal instructions of Satan to his chosen people. One of the curious injunctions of his satanic majesty foror even the syllables that com-

World's Silver Output
All the silver mined in the world since man began to use the metal would make a cube only 115 feet on a side. This is no mean quantity, nowever, for it would pave an ave-que 144 feet wide 6 inches deep for

It is estimated that the amount of silver mined in the world since 1492 is about 15,000,000,000 fine ounces, and of that amount, 40 per cent has been obtained in the last 30 years.

padge was to foster and encourage badge was to foster and encourage every species of military merit and reward not only instances of unusual gallantry, but also of extraordinary fidelity and essential service. Those to whom it was awarded were permitted to wear on the facings over the left breast the figure of a heart in purple cloth or silk, edged with a narrow lace or binding.

hese it causes a most uncanny note. There is another kind of whistling tree in the Sudan. Insects which in-fest it cause galls, and when the crea-tures emerge they leave a circular hole, converting the hollow gall into a musical instruments on which the

About Town

By Edw. H. Powers

John H. Fahey of Watertown, candidate for Democratic nomination for Congressman from the 9th District called at the GRAPHIC office the other day. Mr. Fahey is very confident that he will receive the nomination. He asserts that he has the support of organized labor in the District, including the Newton District Council. He produced a letter signed by an official of the Boston Structural Iron Workers, pledging the support of this big union. Mr. Fahey states that the ex-servicemen and their dependents will vote for him, because of his activity in behalf of them for the past 11 years. To quote the Watertown aspirant for Congressional honors, Mr. Fahey says—"I am now on third base, and when election day comes, I will make the home-plate easily."

It has taken some of our suppos experts in economics, politics and in-dustry a long time to realize that one of the principal reasons for the depression and unemployment is the depression and unemployment is the supplanting of human labor by machines. Now that they have made this belated discovery, they are proposing what labor leaders advocated several years ago, the 5 day working week. But, many of the prominent and eminent gentlemen who have just acquired the knowledge that the surplus of production resulting from our plus of production resulting from our machine age necessitates fewer work-ing hours and days for men and wo-men, apparently don't realize that to properly synchronize modern production methods with social and economic standards which citizens of this coun standards when efficients of this country have enjoyed for generations, not only must a 5 day week be adopted, but a sufficiently high scale of wages must be paid to enable the people of this country to continue the standard of living to which they have been accurate the standard of th

this country to continue the standard of living to which they have been accustomed.

The May marriage season in India is one of the biggest factors in the movement of silver in the world. The metal is used in large quantities for bridal ornaments that become the "rainy day" fund of the family.

Revolutionary Hero

Benjamin Stoddert, the secretary of the navy, who also was secretary of the hardle in the churchyard of the Addison chapel, Church of St. Matthew's, Prince George county, Md. He died December 18, 1813, aged sixty-two years. He had served in the Revolutionary war with the rank of major, but was so severely wounded at the battle of the Brandywine that he was compelled to retire. He was born in Charles county, Md., and did a mercantile business at the ports of Bladensburg and Georgetown.

Army Distinction Badge

More than 150 years ago General Washington wrote the general order establishing the Purple Heart as a badge of distinction in our army. The badge was to foster and encourage every species of military merit and prises in an honorable manner, wh paid their employees decent wage and accorded them good working con ditions, have been forced out of bus ness by unfair competition by unprin cipled manufacturers and merchants who are not imbued with American ideals, who lack the inherent principles upon which this country was founded, who regard their employees as mere creatures to be exploited, and not as fellow human beings whose

Debtor's Life Made Burden

A man in eastern Turkestan who does not pay his debts leads a dog's life until he comes through. He is shadowed night and day.

If the creditor is of the same caste as the debtor, he does the shadowing himself. If not, he hires some one to do it.

If the debtor goes to market, the creditor goes along, a silent advertisement that the man he is following is not to be trusted. The creditor eats where his man eats, and sleeps by his door.

Trees That Whistle

In Barbadoes there is a valley with welfare must be considered. in Barbadoes there is a valley with trees which bear pods with an open edge, and as the wind blows through these it causes a most uncertainty and should be used to improve the -and should be used to improve the standard of living, not lessen it.

Even as the ruinous competitive trend to manufacture and sell commodities for less and less brings undesirable results, so also in many cases does the awarding of public contracts to the lowest bidder. Competitive bidding is necessary to prevent exorbitant costs. But, keen bid-

ding between reputable contractors can be nullified by ridiculously low bids which are frequently, in these hectic days, submitted by individuals nectic days, submitted by individuals or corporations of dubious standing. When such bidders are awarded contracts, in order to get by they must pay lower wages than do reputable contractors and they are prone to pay far less attention to the rights of the public. Streets on which such contractors do work are apt to be improperly safeguarded against the co. contractors do work are apt to be im-properly safeguarded against the oc-currence of accidents; proper meas-ures are not taken to assure unneces-sary inconvenience to the public while the work is in progress. Damage to private property is not paid for, un-less those injured resort to tedious and expensive litigation.

Work on Washington street continues to progress rapidly. The rights of the travelling public have been unusually well considered by the Sherry Construction Company which is doing this job. In a few weeks more than the street from West Newton to Newton Corner will be opened to traffic. Even now, one can smoothly roll along on the concrete surface in happy contrast to the terrible ride one endured over this street for many years past. It is well that Washington street has been so improved, for it is a certainty that with the completion of the Worcester Turnpike to Wellesley' much additional traffic will come to Washington street. Not only passenger automobiles, but huge trucks. passenger automobiles, but trucks. Thus, after nearly trucks. Thus, after near tury's lapse, the street may come a traffic artery for carrying/merchandise to and from distant places.

carrying/merchandise to and from distant places.

Prior to the starting of the Boston & Worcester Railroad in 1834, the old to the Roxbury road, as Washington street, was originally called, was, the route from Boston to the newly settled lands in the West. In Colonial days huge wagons, drawn by horses or oxen, slowly creaked over it to the Berkshires, to New York, to the Connecticut settlements. During the War of 1812 trains of four-horse wagons rumbled over the road bringing supplies to Boston from New York and Philadelphia. The British navy had the ports of this country blocked and all merchandise had to be carried overland. During the first half of the 19th century a constant procession of vehicles passed over the road carrying farm and forest products from Western Massachusetts, and bringing back from Boston groceries, drygoods, wet goods and molasses.

bringing back from Boston groceries, dry-goods, wet goods and molasses. And talking about wet goods. The weary travellers in those days could stimulate themselves at one of the taverns which flourished at Newton Corner (or Angier's Corner, as it was

taverns which flourished at Newton Corner (or Angier's Corner, as it was then known) with Medford or Jamaica Rum, hard cider or wines; as well as beer.

In the memory of persons not so old, droves of cattle from Western Massachusetts, New Hampshire and Vermont passed along Washington street, to and from the cattle yards at Brighton. And as recently, as 25 years ago, it was a common sight during the night hours to see a farmer's wagon slowly moving towards Boston coming from Sudbury, Stow, Carlisle or some Worcester County town. A lantern would be swaying on the wagon, and frequently the horse would be plodding along unguided; the farmer asleep on the seat. A trip to the Boston market, which in those years took two days of a farmer's time, now takes about a half day.

Mr. John Walker of the Home Specialties Company of 237 Langley road, Newton Centre, invites the people of Newton to make his store the head-quarters for the Norge Refrigeration contest now being conducted throughout the country. \$25,000 are being offered in prizes in the contest which is aimed to preserve and promote the unique position of Norge in the field of electric refrigeration which it

of electric refrigeration which it holds today.

Mr. Walker promises many interesting and educational ideas on the health and economy of Norge refrigeration in the modern home. Details of the contest and the valuable prizes will be gladly furnished at the Home Specialties headquarters.

Few Tuscaroras Left

The Tuscarora Indian tribe of the Iroquoian family originally numbered about 5,000 in North Carolina. Encroachments by the whites, including kidnaping of their children into slavexiduating of their children into stavery, led to a war with the settlers (1711-13), and afterwards the surviving Tuscaroras fled or drifted northward and were admitted into the League of the Iroquois as a sixth nation. About 700 are now living in Canada and New York.
